

CONTRIBUTORS

Jack Challoner

Science writer and communicator with a background in physics. He contributed to DK's *Science* and has written more than 30 other books on science and technology, for readers of all ages.

Derek Harvey

Naturalist and science writer for titles including DK's *Science* and *The Natural History Book*.

John Farndon

Popular science writer, specializing in Earth science and the history of ideas.

Philip Parker

Historian and writer whose books include DK's *Eyewitness Companion: World History*, *Timelines of History*, and *Engineers*.

Marcus Weeks

Writer on history, economics, and popular science. He has contributed to DK's *Science*, *Engineers*, and *Help Your Kids with Math*.

Giles Sparrow

Popular science writer, specializing in astronomy and space science.

Mary Gribbin

Science writer for young readers and a Visiting Fellow at the University of Sussex.

GLOSSARY

Richard Beatty

Edinburgh-based science writer, editor, and scientific lexicographer.

EDITOR-IN-CHIEF

Professor Robert Winston

Robert Winston is Professor of Science and Society and Emeritus Professor of Fertility Studies at Imperial College London and runs a research program in the Institute of Reproductive and Developmental Biology. He is an author and broadcaster and regularly writes and hosts popular science programs, many of which have been shown around the world. Previous DK books include the award-winning *What Makes Me Me?*, *Science Experiments*, and *Human*.

CHIEF EDITORIAL CONSULTANT

Patricia Fara

Patricia Fara is Senior Tutor of Clare College, University of Cambridge. She has published a range of academic and popular books on the history of science, and is a regular contributor to radio and TV programs.

CONSULTANTS

John Gribbin

Science writer, astrophysicist, and Visiting Fellow in Astronomy at the University of Sussex. He is the author of *Science: A History*, published by Penguin.

Marty Jopson

Science communicator and TV presenter, with a Ph.D. in plant cell biology.

Jane McIntosh

Senior Research Associate at the Faculty of Asian and Middle Eastern Studies, University of Cambridge.

SMITHSONIAN INSTITUTION

Smithsonian contributors include historians and museum specialists from:

National Air and Space Museum

The Smithsonian's National Air and Space Museum maintains the world's largest collection of historic aircraft and spacecraft, and its mission is to educate and inspire by preserving and displaying historically significant aeronautical and spaceflight artifacts.

National Museum of American History

The Smithsonian's National Museum of American History dedicates its collections and scholarship to inspiring a broader understanding of the American nation and its many peoples.

National Museum of Natural History

The Smithsonian's National Museum of Natural History is the most visited natural history museum in the world and the most visited museum in the Smithsonian museum complex.

National Museums of Asian Art

The Freer Gallery of Art and the Arthur M. Sackler Gallery hold in trust the nation's extraordinary collections of Asian art and of American art of the late 19th century aesthetic movement, and are dedicated to the acquisition, care, study, and exhibition of works in their collections.
