

BROKKR AND EITRI

MAGICAL METAL WORKERS

Dwarf brothers Brokk and Eitri live in an underground realm called Svartalfheim, where they use their unmatched skill with magic and precious metals to make treasures, tools and weapons. They have a fierce rivalry with another group of dwarfs called the Sons of Ivaldi.

BROKKR AND EITRI'S TREASURES

GULLINBURSTI

This boar, whose name means “golden bristles”, was a companion to the god Freyr.

MJÖLNIR

Meaning “mountain grinder”, this hammer always hits its target and returns to Thor’s hand.

DRAUPNIR

This golden ring was given to Odin. Eight identical new rings drip from it every nine days. Draupnir means “dripper”.

MINERS, MAKERS AND MURDERERS

There are many kinds of dwarf – some are evil, others are good. They delve into the earth, searching for precious metals to make into beautiful, unique and magical artefacts. Dwarfs are not necessarily short.
