

PERENNIAL MEDIUM

Gentiana asclepiadea

WILLOW GENTIAN This clump-forming perennial produces arching stems of lance-shaped midgreen leaves and trumpet-shaped dark- to light blue flower clusters from late summer to early fall. Plant in acidic soil in the middle of a bed.

↑3ft (1m) ↔24in (60cm)

☾ pH Z6–9

BULB LARGE

Gladiolus callianthus

ABYSSINIAN GLADIOLUS An upright perennial bulb with arching, grassy green leaves and fragrant, hooded maroon-centered white flowers in summer. Plant the bulbs in groups in spring. Protect from frost by lifting in fall after flowering.

↑3ft (1m)

☾ Z8–10

SHRUB SMALL

Hebe ochracea**'James Stirling'**

HEBE A dwarf, dome-forming evergreen shrub with yellow-green scalelike foliage, resembling a conifer. In late spring, it bears small white flowers. Best planted at the front of a bed. Trim after flowering.

↑18in (45cm) ↔24in (60cm)

☾ Z8–10

PERENNIAL SMALL

Helianthemum 'Fire Dragon'

ROCK ROSE This spreading evergreen perennial has trailing stems of soft, gray-green leaves and yellow-eyed orange-red flowers in summer. Use it as ground cover at the front of a bed. Deadhead regularly to prolong display.

↑12in (30cm) ↔18in (45cm)

☾ Z6–8

PERENNIAL MEDIUM

Hordeum jubatum

FOXTAIL BARLEY A short-lived perennial grass with green leaves and silvery pink, feathery flower plumes in summer. Sow seeds directly in the gravel in spring, and combine with brightly colored plants, such as dahlias. It may self-seed.

↑24in (60cm) ↔12in (30cm)

☾ Z4–8 (N)

PERENNIAL MEDIUM

Helictotrichon sempervirens

BLUE OAT GRASS This is an evergreen grass with upright blue-grey leaves and straw-colored flower heads held on long arching stems in summer. Use it as a focal plant with perennials that have rounded foliage.

↑3ft (1m) ↔24in (60cm)

☾ Z4–8

PERENNIAL MEDIUM

Hemerocallis 'Golden Chimes'

DAYLILY This is a tall semievergreen perennial with arching, grasslike green leaves and trumpet-shaped golden-yellow flowers that appear in succession in summer and each last a day. Plant toward the back of a bed.

↑3½ft (1.1m) ↔24in (60cm)

☾ Z3–10

PERENNIAL MEDIUM

Iris 'Harriette Halloway'

BEARDED IRIS An upright, rhizome-forming perennial with gray-green swordlike leaves. From early- to midsummer, it bears large, scented, yellow-centered, pale blue bearded flowers. Plant the rhizomes just above the soil surface.

↑28in (70cm) ↔12in (30cm)

☾ Z3–9

BULB MEDIUM

Iris reticulata

RETICULATED IRIS This perennial bulb bears grassy green leaves and small, blue early spring flowers with yellow and white marks on the lower petals. In fall, plant the bulbs in pots or at the front of a bed where they can be easily seen.

↑6in (15cm)
