

PERENNIAL SMALL

Oenothera speciosa

PINK EVENING PRIMROSE This compact perennial has small, divided green leaves and a spreading habit. From late spring to early summer, it bears fragrant, cup-shaped, white flowers that age to pink. Plant it at the front of a gravel bed.

†12in (30cm) ↔12in (30cm)

☹ Z4–8 (N)

PERENNIAL SMALL

***Ophiopogon planiscapus* 'Nigrescens'**

MONDO GRASS A clump-forming perennial with shiny black grasslike leaves. In summer, clusters of purple-pink flowers appear, followed by black berries. Plant it in groups at the front of a bed.

†9in (23cm) ↔12in (30cm)

☹ Z6–10

PERENNIAL MEDIUM

***Osteospermum* hybrids**

AFRICAN DAISY An herbaceous evergreen perennial, grown as an annual, with slim midgreen leaves and showy pink, yellow, and white daisy-like summer blooms, with bluish purple centers. Adds interest to the front of a gravel bed.

†24in (60cm) ↔12in (30cm)

☹ Z10–11

BULB MEDIUM

Puschkinia scilloides

STRIPED SQUILL This perennial bulb has strap-shaped green leaves and clusters of dark blue-striped bluish white spring flowers. Grow it with other spring bulbs, such as *Muscari* and species tulips, at the front of a bed.

†6in (15cm)

☹ Z4–8

PERENNIAL LARGE

Phormium tenax

NEW ZEALAND FLAX This large, clump-forming evergreen perennial produces arching, sword-shaped gray-green leaves and, during hot summers, dark red flowers on top of tall stems. Grow it as a focal plant.

†10ft (3m) ↔6ft (2m)

☹ Z9–11

PERENNIAL SMALL

Scabiosa lucida

GLOSSY SCABIOUS A clump-forming, low-growing perennial with lance-shaped silver-gray leaves and a profusion of button-shaped lilac-pink summer flowers. Deadhead regularly to prolong the display. This plant can be short-lived.

†8in (20cm) ↔6in (15cm)

☹ Z5–9

PERENNIAL MEDIUM

***Potentilla thurberi* 'Monarch's Velvet'**

CINQUEFOIL A spreading perennial with strawberry-like, hairy green leaves and abundant, small, saucer-shaped, dark velvety red summer flowers. Combine with spiky plants, such as hyssop.

†30in (75cm) ↔24in (60cm)

☹ Z4–8 (N)

BULB MEDIUM

Roscoeia cautleyoides

ROSCEA This compact perennial produces narrow dark green leaves and short spikes of yellow, purple, or white orchidlike flowers in summer. Plant it in groups toward the front of a gravel bed in a sheltered site.

†10in (25cm)

☹ Z6–9

PERENNIAL MEDIUM

Schizostylis coccinea

CRIMSON FLAG An upright perennial with sword-shaped light green leaves and red, pink, or white starry flowers from late summer to late fall. Protect against winter frost; plant in large groups. 'Sunrise' (above) has salmon-pink flowers.

†24in (60cm) ↔12in (30cm)

☹ Z7–9

PERENNIAL SMALL

***Sedum erythrostictum* 'Frosty Morn'**

STONECROP This clump-forming perennial forms a mound of fleshy gray-green leaves, marked with bold white edges and pale pink flower heads in late summer. A useful plant for a long season of interest.

†12in (30cm) ↔18in (45cm)

☹ Z4–9
