

ANNUAL/BIENNIAL SMALL

Iberis umbellata

CANDYTUFT This upright, bushy annual has lance-shaped midgreen leaves and domed heads of tiny flowers in shades of pink, red, purple, or white from spring to summer. Use it to fill gaps between permanent plantings.

↑↔ 8in (20cm)

BULB MEDIUM

Iphæion uniflorum

SPRING STARFLOWER This bulb has narrow, grasslike pale green leaves and fragrant, star-shaped white, violet, or pale blue flowers from late winter to spring. 'Froyle Mill' (above) has pale mauve flowers. Protect with mulch in cold areas.

↑ 6in (15cm)

BULB MEDIUM

Iris reticulata

RETICULATED IRIS This perennial bulb has upright, grasslike green foliage and bears small blue flowers with yellow and white markings during early spring. Plant the bulbs in fall in small clumps where the plants will be seen easily.

↑ 6in (15cm)

BULB SMALL

Iris unguicularis

ALGERIAN IRIS A dwarf perennial bulb with grasslike green leaves. In late winter, violet, lavender-blue, or purple flowers, with white and yellow markings on the lower petals, appear. *I. unguicularis* subsp. *cretensis* (above) has rich blue flowers.

↑ 10cm (4in)

PERENNIAL SMALL

Leontopodium alpinum

EDELWEISS A compact perennial with linear, woolly gray-green leaves and small silvery white, starry flowers in late spring or early summer. Plant it in groups with low-growing spreading perennials, such as wood sorrel.

↑↔ 8in (20cm)

PERENNIAL SMALL

Lobularia maritima

SWEET ALYSSUM This ground-hugging perennial, grown as an annual, has narrow midgreen leaves and fragrant white blooms from summer to early fall. 'Snow Crystals' (above) is ideal for gaps between rocks. Considered invasive in some areas.

↑ 10in (25cm) ↔ 14in (35cm)

BULB MEDIUM

Narcissus bulbocodium

HOOP PETTICOAT DAFFODIL A perennial bulb with grasslike dark green leaves and unusual, funnel-shaped golden-yellow flowers surrounded by slim petals. Plant the bulbs in fall; ensure the soil is moist in winter and spring.

↑ 6in (15cm)

BULB MEDIUM

Narcissus 'Pipit'

JONQUILLA DAFFODIL This perennial bulb bears narrow, cylindrical green leaves. It produces fragrant lemon-yellow flowers with creamy white cups in mid-spring. Plant the bulbs in groups in fall.

↑ 10in (25cm)

PERENNIAL SMALL

Oenothera fruticosa
'Fireworks'

SUNDROPS An upright perennial with lance-shaped bronze-green leaves on purple-tinted stems and, from summer to early fall, evening-fragrant cup-shaped flowers. Plant at the back of a rock garden.

↑↔ 15in (38cm)
