

SHRUB LARGE

Callistemon citrinus 'Splendens'

CRIMSON BOTTLEBRUSH An upright evergreen shrub with arching stems, lance-shaped, glossy green leaves and, in summer, spikes of bottlebrush crimson flower heads. Grow against a wall; protect from frost.

↔ 10ft (3m)

☀ Z9-11

SHRUB MEDIUM

Ceanothus x delileanus 'Gloire de Versailles'

CALIFORNIA LILAC This vigorous, bushy deciduous shrub has oval midgreen leaves and powdery blue branching flower heads from midsummer to early fall. Deadhead regularly. Best in West Coast gardens.

↔ 5ft (1.5m)

☀ Z7-10 (N)

PERENNIAL LARGE

Crambe cordifolia

COLEWORT This robust perennial forms a mound of large, crinkled lobed leaves. In summer, it produces a cloud of small, fragrant white flowers in branching sprays. It needs space to be seen at its best.

↔ 6ft (2m) ↔ 4ft (1.2m)

☀ Z5-9

SHRUB MEDIUM

Ceanothus thyrsiflorus 'Born Again'

BLUE BLOSSOM An evergreen shrub with oval dark green and greenish yellow variegated leaves and, from late spring to early summer, fluffy blue oval flower heads. Grow in shelter. Best in West Coast gardens.

↔ 8ft (2.5m)

☀ Z7-10 (N)

SHRUB SMALL

Cryptomeria japonica 'Globosa Nana'

JAPANESE CEDAR A dome-shaped evergreen dwarf conifer with scaly green leaves. Makes a great specimen for winter interest in a border or large container, or as a green foil for colorful blooms.

↔ 3ft (1m)

☀ Z6-9

TREE LARGE

Catalpa bignonioides

INDIAN BEAN TREE A spreading deciduous tree with broad, oval pale green leaves and white spring flowers, and then beanlike seedpods. Cut back the branches hard in late winter to keep compact. Pollard to encourage larger leaves. Can be weedy.

↔ up to 50ft (15m)

☀ Z5-9 (N)

SHRUB LARGE

Ceanothus thyrsiflorus var. *repens*

CREeping BLUE BLOSSOM Cascade this low, spreading evergreen shrub with oval green leaves and light blue rounded late spring to early summer flower clusters over a raised bed or wall in West Coast gardens.

↔ 20ft (6m)

☀ Z7-10 (N)

TREE LARGE

Davidia involuocrata

DOVE TREE This deciduous tree produces oval green leaves and small reddish brown spring flowers surrounded by petal-like creamy white bracts. Best in larger gardens; use it as a specimen in a lawn or border.

↔ 50ft (15m) ↔ 30ft (10m)

☀ Z6-8

SHRUB LARGE

Chionanthus virginicus

FRINGE TREE This vase-shaped deciduous shrub or small tree has peeling bark and oval green leaves, white beneath, and scented, spidery white summer to late spring blooms. Good for year-round interest in a small garden; needs long summers to flower well.

↔ 10ft (3m)

☀ Z4-9 (N)

PERENNIAL SMALL

Delosperma nubigenum

ICE PLANT An evergreen perennial with trailing stems of small, succulent pale green leaves. In summer, it produces bright lemon-yellow daisy-like flowers that attract butterflies. An excellent specimen for trailing over raised edges.

↔ 2in (5cm) ↔ 20in (50cm)

☀ Z6-8
