

SHRUB LARGE

Elaeagnus x ebbingei

OLEASTER This vigorous evergreen shrub has oval, tapered dark green leaves dusted with gray flecks. It makes a good screen or windbreak; clip in late summer. Variegated varieties include 'Gilt Edge', which has yellow-splashed leaves.

💧 Z7-9

BAMBOO LARGE

Fargesia murielae

UMBRELLA BAMBOO This large, clump-forming bamboo produces arching yellow-green canes and lance-shaped bright green leaves. Use it as screen to divide a garden or as an accent plant in a border or gravel bed.

↑12ft (4m) ↔indefinite

ANNUAL/BIENNIAL SMALL

Gazania Kiss Series

TREASURE FLOWER A dwarf perennial, grown as an annual, with oval dark green leaves. From summer to fall, it bears daisy-like flowers in shades of gold, bronze, pink, and white with contrasting eyes. Grow it in shallow containers of potting mix.

↑12in (30cm) ↔10in (25cm)

💧 Z8-10

PERENNIAL SMALL

***Geranium himalayense*
'Plenum'**

CRANESBILL A clump-forming, low-growing perennial, with lobed silver-green foliage that turns red in fall and double, blue-purple summer flowers with darker veins. Use to line a path or as ground cover.

↑10in (25cm) ↔24in (60cm)

💧 Z4-7

PERENNIAL SMALL

Gerbera hybrids

TRANSVAAL DAISY This upright divided perennial, often grown as an annual, bears oval, lobed, green basal leaves and daisy-like flowers in nearly every color from summer to fall. Plant it in a large container or use to add color to a bed.

↑↔16in (40cm)

💧 Z8-11

PERENNIAL MEDIUM

Geranium pratense

MEADOW CRANESBILL This clump-forming perennial has hairy stems and divided, lobed midgreen leaves, bronze in fall, and saucer-shaped, violet-blue, veined summer flowers. 'Mrs Kendall Clark' (above) has pearl-gray, pale-pink flushed flowers.

↑↔24in (60cm)

💧 Z4-8

PERENNIAL SMALL

***Geranium sanguineum*
'Album'**

BLOODY CRANESBILL This clump-forming, spreading perennial has deeply cut dark green leaves, which turn red in fall. White flowers appear in early summer. Use to line a path or as ground cover.

↑12in (30cm) ↔16in (40cm)

💧 Z3-8

PERENNIAL SMALL

Geum 'Borisii'

AVENS This clump-forming perennial produces round, divided midgreen leaves and slender stems topped with saucer-shaped, bright orange-red flowers from late spring to early summer. Plant it in groups at the front of a bed.

↑20in (50cm) ↔12in (30cm)

💧 Z3-7

TREE LARGE

Ginkgo biloba

MAIDENHAIR TREE A conical deciduous tree, with fan-shaped, pale green leaves that turn yellow in fall. Female plants produce yellow fruits in fall; male plants are preferred in cities to avoid fruit drop. Use it as a specimen or street tree.

↑100ft (30m) ↔25ft (8m)
