

SHRUB LARGE

***Rhus typhina* 'Dissecta'**

STAGHORN SUMAC A small deciduous tree or large spreading shrub with velvety stems, bright green dissected leaves that turn yellow and red in fall, and large maroon, bud-shaped fruit clusters on female plants. Leave ample space for suckers to naturalize.

↑↔ 10ft (3m)

☀ Z3–8 (N)

SHRUB SMALL

Santolina pinnata

LAVENDER COTTON This bushy evergreen subshrub has slender, finely toothed silver foliage and a profusion of pom-pomlike, pale lemon-yellow summer flowers.

S. pinnata subsp. *neapolitana* has gray-green foliage and bright yellow flowers.

↑ 30in (75cm) ↔ 3ft (1m)

☀ Z9–11

PERENNIAL MEDIUM

***Solidago* GOLDEN BABY**

GOLDENROD An upright, clump-forming perennial, it has slender, pointed green leaves. From mid- to late summer, it produces branching heads of golden-yellow blooms. Deadhead to prolong the display; plants may need staking.

↑ 24in (60cm) ↔ 18in (45cm)

☀ Z4–8

TREE LARGE

Tilia cordata

LITTLELEAF LINDEN This deciduous tree has heart-shaped, glossy dark green leaves that turn yellow in fall. Small yellowish white flowers appear in summer. Good as a "shade" or street tree. Keep compact by pleaching, or grow it as a formal hedge.

↑ 100ft (30m) ↔ 40ft (12m)

☀ Z3–7

SHRUB MEDIUM

***Rosa* FOURTH OF JULY**

CLIMBING ROSE This floribunda-type rose has dark green glossy leaves.

From summer to fall, it produces cupped, semidouble, red-splashed cream flowers, with a light fruity perfume. It is a disease-resistant variety.

↑ 5ft (1.5m) ↔ 3½ft (1.1m)

☀ Z5–9

SHRUB SMALL

***Rosa* RHAPSODY IN BLUE**

SHRUB ROSE This modern shrub rose produces disease-resistant green leaves and clusters of scented, purple semidouble flowers that fade to slate blue from summer to early fall. Plant it in a flower bed or large container.

↑ 4ft (1.2m) ↔ 3ft (1m)

☀ Z5–9

SHRUB LARGE

Syringa vulgaris

COMMON LILAC This vigorous, deciduous shrub has heart-shaped midgreen foliage and large rounded clusters of fragrant late spring flowers in shades of purple, pink, and white. Use compact varieties in smaller plots. May be invasive in some areas.

↑↔ 22ft (7m)

☀ Z3–7

PERENNIAL SMALL

Veronica spicata

SPIKE SPEEDWELL This upright clump-forming perennial has lance-shaped toothed green leaves and bright blue summer flower spikes. Grow in groups at the front of a flower bed with other summer-flowering perennials.

'Red Fox' (above) has deep pink flowers.

↑↔ 22in (50cm)

☀ Z3–8
