

SHRUB LARGE

Chionanthus virginicus

FRINGE TREE This rounded shrub or small spreading tree has oval dark green leaves and, in early summer, pendent, long-petaled, fragrant white flowers followed by blue-black fruits. It is cold-tolerant, but needs shelter from strong winds.

☾ Z2–7

PERENNIAL MEDIUM

***Crocasmia* 'Lucifer'**

MONTBRETIA A clump-forming perennial with slender, sword-shaped green foliage. It produces branched stems with sprays of bold red, tubular late summer blooms that last several weeks. Wind-tolerant, it is ideal for mild coastal gardens.

↑3ft (1m) ↔10in (25cm)

☾ Z6–9

SHRUB LARGE

Corylus avellana

EUROPEAN FILBERT A spreading shrub or small tree, this wind-tolerant plant has rounded deep green leaves that turn yellow in fall. In early spring, yellow catkins form and may be followed by filberts. Grow in a wild or informal garden, or as a hedge.

SHRUB SMALL

Cytisus* x *praecox

SCOTCH BROOM A bushy deciduous shrub with narrow, sparsely branched green stems bearing small leaves. From mid- to late spring, it produces a profusion of pale creamy yellow pealike blooms. 'Allgold' has dark yellow flowers.

↑4ft (1.2m) ↔5ft (1.5m)

☾ ! Z6–9

SHRUB LARGE

***Cotinus* 'Grace'**

SMOKE TREE This large, bushy deciduous shrub has rounded, rich purple-tinged red leaves, becoming flame-red in fall. Misty purplish flower plumes appear in summer. Grow it for foliage contrast in a mixed border in a windy coastal plot.

↑20ft (6m) ↔15ft (5m)

☾ Z5–8

PERENNIAL LARGE

Delphinium elatum

LARKSPUR A bushy perennial with deeply-cut dark green leaves and tall spires of blue, pink, cream, or white flowers in summer, depending on the variety. Plant at the back of borders and support the stems. Most varieties are ideal for cold sites.

↑5ft (1.5m) ↔24in (60cm)

☾ ! Z3–8

Crataegus crus-galli

COCKSPUR HAWTHORN A small deciduous tree, var. *inermis* has thornless branches and glossy dark green leaves that turn bright red in fall. It flowers briefly in late spring, and bears red berries attractive to birds. Suitable for windy or cold sites.
