

SHRUB LARGE

Berberis x stenophylla

HEDGE BARBERRY An evergreen shrub with a rounded habit, spiny stems, and small, leathery, dark green lance-shaped leaves. The light orange-yellow late spring flowers open from red-tinged buds and are followed by small blue-black berries.

↑10ft (3m) ↔15ft (5m)

☀ Z6–9

PERENNIAL MEDIUM

Blechnum spicant

DEER FERN This evergreen fern has a tufted habit and divided, stiff leathery leaves with narrow leaflets and forms low, arching hummocks. The upright spore-bearing fronds resemble fish bones. Trim old foliage in spring. Tolerates full shade.

↑30in (75cm) ↔18in (45cm)

☀ 卐 Z5–8 (N)

PERENNIAL SMALL

Astilbe x arendsii

ASTILBE This clump-forming, ferny-leaved perennial produces frothy plumes of white, pink, lilac, or red flowers between early and late summer. Brown seedheads feature in winter. 'Fanal' has red flowers and dark foliage.

↑18in (45cm) ↔12in (30cm)

☀ Z4–8

PERENNIAL MEDIUM

Bergenia 'Ballawley'

PIGSQUEAK An clump-forming evergreen perennial, with glossy, rounded midgreen leaves that turn bronze-purple in winter. Bell-shaped crimson flower clusters appear on reddish stems from mid- to late spring. Shelter from wind; cut untidy foliage.

↑↔24in (60cm)

☀ Z6–9

PERENNIAL MEDIUM

Astrantia major

MASTERWORT This clump-forming perennial has midgreen divided leaves and sprays of greenish white, pink, or red blooms from early- to midsummer. 'Sunningdale Variegated' (above) has cream-splashed leaves. Deadhead often.

↑3ft (1m) ↔18in (45cm)

☀ Z4–7

PERENNIAL SMALL

Bergenia cordifolia

PIGSQUEAK A spreading to clump-forming evergreen perennial with large, rounded, leathery deep green leaves that develop purple tints in winter. White or pink flowers appear in early spring. Best planted in moist soil.

↑↔20in (50cm)

☀ Z3–8

PERENNIAL SMALL

***Bergenia* SILVERLIGHT**

PIGSQUEAK A clump-forming evergreen perennial with leathery rounded leaves. Red-tinged stems carry clusters of white bell-shaped spring blooms that sometimes develop pink tinges. Flowers have contrasting deep red bud cases.

↑18in (45cm) ↔20in (50cm)

☀ Z3–8

PERENNIAL SMALL

Brunnera macrophylla

SIBERIAN BUGLOSS This spreading, clump-forming ground-cover perennial has heart-shaped green leaves. Airy sprays of light blue spring flowers, similar to forget-me-nots, appear above the foliage. 'Dawson's White' (above) has variegated leaves.

↑18in (45cm) ↔24in (60cm)

☀ Z3–8

SHRUB LARGE

Camellia japonica

JAPANESE CAMELLIA An upright evergreen shrub with glossy, rounded dark green leaves. It bears single or double flowers in white, pink, and red in spring. 'Blood of China' (above) has semidouble red flowers. Grow in a sheltered site.

↑10ft (3m) ↔6ft (2m)
