PERENNIAL MEDIUM

Geranium sylvaticum

WOOD CRANESBILL A perennial that produces clumps of lobed midgreen leaves and round blue-purple flowers with white centers from late spring to early summer. Grow it in groups on moist soil at the front of a flower bed.

↑ 30in (75cm) ↔ 24in (60cm)

☀️ Z3–8

PERENNIAL SMALL

Glaucidium palmatum

JAPANESE WOOD POPPY A clump-forming perennial with maplelike, lobed, light green cut leaves. Pale pinky lilac, saucer-shaped blooms appear from late spring to early summer. Grow in a sheltered spot in moist fertile soil. It tolerates full shade.

SHRUB LARGE

Hamamelis mollis

CHINESE WITCH HAZEL A spreading shrub with dark green leaves that turn yellow in fall. Fragrant, yellow spidery blooms sprout from bare branches in late winter. Plant where its scent can be enjoyed. Some varieties have orange flowers.

↑↔ 12ft (4m) or more

☀️ Z5–8

PERENNIAL SMALL

Hacquetia epipactis

HACQUETIA This clump-forming perennial has glossy, round, deeply lobed leaves. Tiny yellow flowers surrounded by greenish yellow petal-like bracts appear from late winter to early spring. Ensure that it isn't overwhelmed by neighboring plants.

↑ 2½in (6cm) ↔ 9in (23cm)
