

PERENNIAL SMALL

Phlox divaricata subsp. *laphamii*

LAPHAM'S PHLOX This creeping semievergreen perennial bears on purplish upright stems. From mid- to late spring, small lavender-blue blooms appear.

↑ 12in (30cm) ↔ 8in (20cm)

☹ Z4–8 (N)

SHRUB LARGE

Pieris japonica

LILY OF THE VALLEY BUSH This compact evergreen shrub has glossy, oval dark green leaves, often brightly colored at first. Small, creamy white flask-shaped blooms hang in tassels in spring. 'Mountain Fire' has red young leaves.

↑ 12ft (4m) ↔ 10ft (3m)

☹ pH (N) Z5–8

SHRUB MEDIUM

Skimmia japonica

JAPANESE SKIMMIA An compact evergreen shrub with glossy, oval to lance-shaped green leaves. Males have red or green, cone-shaped bud clusters through winter, opening to white spring flowers. Females produce red berries. Best in West Coast gardens.

↑↔ 5ft (1.5m)

☹ (N) Z6–8

PERENNIAL MEDIUM

Tradescantia *Andersoniana* Group

SPIDERWORT This clump-forming perennial has long, narrow arching leaves and pink, blue, purple or white triangular flower clusters. 'Concord Grape' (above) has violet-purple blooms and bluish green leaves.

↑↔ 24in (60cm)

☹ Z4–9 (N)

TREE LARGE

Picea pungens 'Koster'

COLORADO SPRUCE An evergreen conifer with stiff, needlelike silvery blue foliage. Upright cones form toward the ends of the branches. It requires neutral to acidic soil, shelter, and prefers only light shade. Adaptable to any soil but wet soil.

↑ 50ft (15m) ↔ 15ft (5m)

☹ pH Z2–7 (N)

PERENNIAL MEDIUM

Polemonium caeruleum

JACOB'S LADDER A clump-forming perennial with leaves divided into lance-shaped, narrow green leaflets. Clusters of white or lavender-blue bell-shaped blooms appear in early summer. Requires part- to full shade. Self-seeds under optimal conditions.

↑↔ 24in (60cm)

☹ Z4–8

PERENNIAL MEDIUM

Tricyrtis formosana

TOAD LILY This slow-spreading, upright, clump-forming perennial has lance-shaped midgreen leaves. It bears upturned clusters of intricately shaped, purple-spotted white blooms in fall. Mulch annually with compost. It tolerates full shade.

↑ 3ft (1m) ↔ 18in (45cm)

☹ Z5–9

SHRUB SMALL

Sarcococca confusa

SWEET BOX This bushy evergreen shrub has glossy, oval to lance-shaped dark green leaves. Tiny, sweetly fragrant white winter blooms are followed by shiny black fruits. Plant where the scent can be enjoyed. Tolerates deep shade.

↑↔ 3ft (1m)

☹ Z6–9
