

SHRUB MEDIUM

Escallonia 'Apple Blossom'

ESCALLONIA A compact evergreen shrub with small, leathery, glossy dark green leaves. From early- to midsummer, it bears a profusion of pink flowers. It makes a beautiful flowering hedge or back-of-bed shrub. Best in West Coast gardens.

↑↔ 8ft (2.5m)

☀ Z8–9

PERENNIAL MEDIUM

Euphorbia amygdaloides var. robbiae

WOOD SPURGE A spreading evergreen perennial with rosettes of oblong, leathery, shiny dark green leaves and, in spring, rounded heads of small lime-green flowers and bracts. May be aggressive.

↑↔ 24in (60cm)

☀ ⚠ Z6–9

SHRUB MEDIUM

Exochorda x macrantha

PEARLBUSH This medium-sized deciduous shrub forms a dense mound of arching stems covered with dark green foliage, which turns yellow and orange in fall. A profusion of white flowers appears from late spring to early summer.

↑6ft (2m) ↔ 10ft (3m)

☀ Z5–8

SHRUB LARGE

Forsythia x intermedia

BORDER FORSYTHIA This vigorous, upright deciduous shrub bears long stems covered with small, star-shaped yellow flowers from late winter to mid-spring before the green leaves appear. 'Lynwood Variety' (above) has larger bright yellow blooms.

↑↔ 10ft (3m)

☀ Z5–8

SHRUB MEDIUM

Fuchsia magellanica

FUCHSIA An upright deciduous shrub with oval to tapering midgreen leaves. Throughout summer, it produces an abundance of small, pendent, tubular red and purple flowers followed by black fruits. Use it in a wildlife border.

↑↔ 6ft (1.2m)

☀ Z6–9

SHRUB SMALL

Gaultheria mucronata

CHILEAN PERNETTIA A bushy evergreen shrub with prickly, glossy dark green leaves and tiny white flowers from late spring to early summer. Only female plants bear sprays of showy long-lasting berries. Best in West Coast gardens.

↑↔ 4ft (1.2m)

☀ ⚠ Z7–9

SHRUB SMALL

Gaultheria procumbens

WINTERGREEN An evergreen shrub with oval, aromatic leathery leaves that flush red in winter and small, bell-shaped pink-flushed white flowers in summer, followed by red berries. Best in cooler areas. 'Very Berry' (above) has bright scarlet berries.

↑6in (15cm) ↔ indefinite

☀ ⚠ Z3–8 (N)

PERENNIAL SMALL

Geranium 'Ann Folkard'

CRANESBILL A spreading perennial with swaths of deeply dissected, lobed yellowish green leaves that mature to green. In midsummer and sometimes in fall, it bears saucer-shaped magenta flowers with black centers and veins.

↑20in (50cm) ↔ 3ft (1m)

☀ Z5–9

PERENNIAL SMALL

Geranium macrorrhizum

BIGROOT GERANIUM A carpeting perennial has soft, rounded, divided aromatic leaves with bright fall hues and magenta early summer flowers. Makes decorative ground cover next to hedges and walls. Plant in partial shade in hot summer areas.

↑15in (38cm) ↔ 24in (60cm)

☀ Z4–8

PERENNIAL SMALL

Geranium x oxonianum

CRANESBILL A clump-forming perennial with toothed, divided green leaves. Pink, rounded dark-veined flowers with notched petals appear from late spring to midsummer. 'Wargrave Pink' (above) has pale salmon-pink blooms.

↑18in (45cm) ↔ 24in (60cm)

☀ Z4–8

PERENNIAL MEDIUM

Geranium pratense

MEADOW CRANESBILL A clump-forming perennial with deeply lobed and divided green leaves that develop fall tints. In summer, saucer-shaped violet-blue flowers with attractive veins appear. 'Mrs Kendall Clark' (above) is a popular variety.

↑↔ 24in (60cm)

☀ Z4–8

PERENNIAL SMALL

Geranium wallichianum

CRANESBILL A perennial with toothed, divided, white-marbled midgreen leaves. Veined, lilac or pink-purple saucer-shaped flowers appear from midsummer to fall. 'Buxton's Variety' (above) has white-centered light violet-blue flowers.

↑18in (45cm) ↔ 3ft (1m)
