

SHRUB LARGE

Hamamelis x intermedia

WITCH HAZEL A vase-shaped shrub with broadly oval leaves that turn yellow in fall. Lightly scented spidery flowers appear on bare stems from early- to midwinter. Varieties include 'Jelena' (above) with large coppery orange flowers.

↑↔ 12ft (4m)

☀️ 🌧️ Z5–8

PERENNIAL MEDIUM

Helleborus argutifolius

CORSICAN HELLEBORE This clump-forming evergreen perennial has leathery, divided, spiny-edged dark green leaves. Clusters of nodding, bowl-shaped pale green flowers appear from late winter to spring. Grow it in a lightly shaded bed.

↑ 24in (60cm) ↔ 18in (45cm)

☀️ ⚠️ Z6–9

SHRUB SMALL

Hypericum 'Hidcote'

ST. JOHN'S WORT This tough evergreen or semievergreen shrub forms a dense bush of narrowly oval dark green leaves. Masses of saucer-shaped golden-yellow flowers appear from midsummer to early fall. Site it midbed in part shade.

↑ 4ft (1.2m) ↔ 5ft (1.5m)

☀️ Z6–9

PERENNIAL MEDIUM

Iris foetidissima

STINKING IRIS This evergreen rhizome-forming perennial has strap-shaped, glossy green leaves and, from early- to midsummer, yellow-tinged, dull purple or yellow flowers. Grown for its scarlet berrylike winter fruits. Does not remain evergreen in colder areas.

↑ 3ft (1m) ↔ indefinite

☀️ ⚠️ Z6–9

PERENNIAL MEDIUM

Leucanthemum x superbum

SHASTA DAISY A clump-forming perennial with slightly toothed dark green leaves and white yellow-centered daisy-like flowers on tall stems from early summer to fall. 'Wirral Pride' (above) has double flowers. Plant in a lightly shaded area.

↑ 3ft (1m) ↔ 24in (60cm)

☀️ Z5–9

PERENNIAL MEDIUM

Lamprocapnos spectabilis

BLEEDING HEART This perennial has fernlike midgreen foliage. From late spring to early summer, heart-shaped rose-red and white flowers hang from wiry arching stems. Plant in small groups in a cottage garden or informal bed.

↑↔ 3ft (1m)

☀️ Z3–9

PERENNIAL SMALL

Lathyrus vernus

SPRING VETCH This clump-forming perennial has soft, pointed dark green leaves and small, sweet pealike, purple and blue, red-veined spring flowers. Best at the front of a bed. Easy to grow from seed. Can be grown in cooler areas in zones 8–9.

↑↔ 12in (30cm)

☀️ ⚠️ Z5–7

BULB LARGE

Lilium henryi

TRUMPET LILY This is an upright perennial bulb with scattered, narrow lance-shaped leaves. In late summer, it produces nodding, turks-cap black-spotted orange flowers in dramatic sprays. It prefers acidic soil.

↑ 3ft (1m)

☀️ 🌧️ Z5–8

BULB LARGE

Lilium lancifolium

TIGER LILY This upright perennial bulb has long, narrow lance-shaped leaves and, from summer to early fall, nodding, turks-cap, purple-spotted pink- to red-orange flowers. 'Splendens' (above) has larger, black-spotted red-orange blooms.

↑ 5ft (1.5m)

☀️ 🌧️ Z3–8
