

SHRUB LARGE

Cornus amomum

SILKY DOGWOOD This deciduous shrub has purplish winter shoots and lance-shaped dark green leaves that turn red and orange in fall. Purple-blue fruits follow late spring creamy white flower heads. Some plants have bright red stems for winter display.

† 10ft (3m) ↔ 12ft (4m)

☿ Z5–8 (N)

PERENNIAL LARGE

Darmara peltata

UMBRELLA PLANT This large spreading perennial forms clumps of round dinner-plate-sized leaves on long stalks that burnish red in fall. Flat clusters of white or pale pink flowers appear on hairy stems in spring before the foliage.

† 4ft (1.2m) ↔ 24in (60cm)

☿ Z5–7 (N)

PERENNIAL MEDIUM

Filipendula ulmaria

MEADOWSWEET This leafy perennial has divided blue-green leaves that turn brilliant red in fall. Upright stems bear lacy clusters of tiny, fragrant white summer flowers. 'Aurea' (above) has golden-yellow spring foliage. Considered invasive in some areas.

† 3in (1m) ↔ 24in (60cm)

☿ Z4–9

PERENNIAL LARGE

Eutrochium purpureum

JOE PYE WEED A stately upright perennial with oval green leaves held on purplish green stems. From late summer to fall, it produces tall stems of fluffy pinkish purple flowers. It is a perfect back-of-bed plant for a large bog garden.

† 7ft (2.2m) ↔ 3ft (1m)

☿ Z4–9 (N)

PERENNIAL LARGE

Filipendula purpurea

JAPANESE MEADOWSWEET This upright clump-forming perennial has toothed, divided green leaves and large airy sprays of tiny reddish purple flowers atop tall branching stems in late summer. Plant it at the rear of a pond perimeter.

† 4ft (1.2m) ↔ 24in (60cm)

☿ Z4–9

PERENNIAL LARGE

Filipendula rubra

QUEEN OF THE PRAIRIE This upright perennial has large aromatic leaves. In midsummer, it produces branching stems of feathery pink plumes that fade as they age. Use it to spread through a boggy site.

† up to 8ft (2.5m) ↔ 4ft (1.2m)

☿ Z3–8 (N)

PERENNIAL MEDIUM

Hosta sieboldiana

PLANTAIN LILY This clump-forming perennial has large, broad blue- and gray-green leaves with a pucker texture and bell-shaped, lilac-gray early-summer-flower spikes. *H. sieboldiana* var. *elegans* has larger bluer leaves and pale lilac flowers.

† 3ft (1m) ↔ 4ft (1.2m)

☿ Z3–9

PERENNIAL MEDIUM

Iris ensata

JAPANESE WATER IRIS An upright clump-forming perennial with sword-shaped gray-green leaves. It bears beardless flowers in purple, pink, and white from early- to midsummer. 'Katy Mendez' has purple-blue flowers with yellow blotches.

† 3ft (1m) ↔ 24in (60cm)

☿ ! Z4–9

PERENNIAL MEDIUM

Kirengeshoma palmata

YELLOW WAX BELLS An upright perennial with reddish stems and large, rounded, lobed, serrated-edged bright green leaves above which clusters of narrow, bell-shaped creamy yellow flowers appear on strong stems from late summer to fall.

† 3ft (1m) ↔ 24in (60cm)

☿ 卐 Z5–8

PERENNIAL LARGE

Ligularia dentata

LEOPARD PLANT An upright, clump-forming perennial with large, leathery, heart-shaped rich green leaves. From midsummer to early fall, it bears large, orange-yellow daisy-like flowers. 'Desdemona' (above) has brownish green leaves.

† 4ft (1.2m) ↔ 24in (60cm)

☿ Z4–8
