

PERENNIAL SMALL

Phlox subulata

CREeping PHLOX This evergreen perennial has narrow, pointed green leaves. From late spring to early summer, it bears numerous starry flowers in shades of purple, red, pink, lilac, or white, depending on the variety. It is ideal for cracks in walls in dappled shade.

↑ 6in (15cm) ↔ 20in (50cm)

☀ Z3–8 (N)

PERENNIAL SMALL

Silene schafta

AUTUMN CATCHFLY A spreading perennial with narrow, lance-shaped green leaves. From late summer to late fall, it bears small upright sprays of starry rose-magenta flowers with notched petals. Grow in walls or paving.

↑ 10in (25cm) ↔ 12in (30cm)

☀ Z4–8

PERENNIAL SMALL

Geranium dalmaticum

DALMATIAN GERANIUM An evergreen, except in severe winters, mat-forming perennial with aromatic, dissected, glossy dark green leaves and round shell-pink flowers in summer. It grows taller in shade and is good for paving cracks.

↑ 4in (10cm) or more ↔ 8in (20cm)

☀ Z5–7

PERENNIAL SMALL

Saxifraga fortunei

SAXIFRAGE This semievergreen perennial forms rosettes of rounded, frilly green leaves that are red beneath. In fall, it produces airy sprays of tiny, starry white flowers. Grow it in cracks in paving in part or deep shade.

↑ ↑ 12in (30cm)

☀ Z7–9

PERENNIAL SMALL

Viola odorata

SWEET VIOLET This small, spreading semievergreen perennial forms loose mats of heart-shaped toothed-edged leaves and flat-faced, fragrant violet or white flowers from late winter to early spring. Leave it to spread through paving cracks in part shade.

↑ 8in (20cm) ↔ 12in (30cm)

☀ Z6–8

PERENNIAL SMALL

Geranium sanguineum

BLOODY CRANESBILL This hummock-forming spreading perennial has deeply dissected dark green foliage and abundant round magenta-pink summer flowers. Use it to fill gaps in paving or walls; deadhead regularly to prolong flowering.

↑ 10in (25cm) ↔ 12in (30cm) or more

☀ Z4–8

PERENNIAL SMALL

Saxifraga Southside Seedling Group

SAXIFRAGE This evergreen perennial has pale green leafy rosettes, which die back after flowering, and open, cup-shaped, red-banded white blooms from late spring to early summer. Plant on wall tops or paving.

↑ 12in (30cm) ↔ 8in (20cm)

☀ Z4–6

PERENNIAL SMALL

Viola sororia

BLUE VIOLET This small perennial has rounded dark green leaves and dainty blue flowers in summer. 'Freckles' (above) has white flowers marked with violet-purple speckles. Like most violas, it self-seeds in cracks in pavings and walls.

↑ 5in (12cm) ↔ 6in (15cm)

☀ Z3–9 (N)

PERENNIAL SMALL

Mentha requienii

CORSICAN MINT This mat-forming semievergreen perennial has diminutive rounded apple-green leaves that emit a peppermint scent when crushed. Tiny lavender-purple flowers appear in summer. Grow it in full or part shade in paving.

↑ 1/2in (1cm) ↔ indefinite

☀ Z6–9
