

BULB SMALL

Cyclamen hederifolium

IVY-LEAVED CYCLAMEN A dwarf perennial with silvery-green patterned leaves that appear just after the fall flowers. The pink petals are darker at the mouth. Ideal for containers filled with gritty soil-based potting mix. Becomes dormant in summer.

↑ 4in (10cm) ↔ 6in (15cm)

☀️ ⚠️ Z5–8

PERENNIAL SMALL

Dichondra argentea

SILVER PONYFOOT An evergreen perennial, 'Silver Falls' (above) is sold as bedding plant. With its cascading silver stems of round, shiny silvery green foliage, it is ideal for a windowbox or basket. Tolerates light shade only; plant in all-purpose potting soil.

↑ 20in (50cm) ↔ indefinite

☀️ Z10–12

SHRUB SMALL

Fuchsia 'Genii'

FUCHSIA A bushy deciduous shrub with oval, pointed gold-green foliage. It bears pendent, cerise and purple single or double flowers from summer to fall. Plant it in a container of all-purpose potting soil. Shelter from cold drying winds.

↑↔ 30in (75cm)

☀️ Z8–10

SHRUB SMALL

Fuchsia 'Tom Thumb'

FUCHSIA This dwarf deciduous shrub produces oval dark green leaves. From summer to fall, numerous pendent, bell-shaped red and mauve-blue flowers appear. Grow it in windowboxes, containers, and baskets in soil-based potting mix.

↑↔ 20in (50cm)

☀️ Z9–11

BULB MEDIUM

Galanthus nivalis

SNOWDROP A perennial bulb with grasslike green foliage and nodding white flowers that appear in late winter. Plant it with other early-flowering bulbs and violas in containers or windowboxes filled with soil-based potting mix.

↑ 6in (15cm)

☀️ Z3–8

SHRUB SMALL

Gaultheria procumbens

WINTERGREEN A dwarf evergreen shrub with oval leathery leaves that are tinged red in winter. Scarlet berries follow small, pink-flushed white summer flowers. Plant in a winter basket or windowbox in acidic soil mix. Best in cooler areas and moist soil.

↑ 6in (15cm) ↔ indefinite

☀️ 🌿 ⚠️ Z3–8 (N)

PERENNIAL LARGE

Gaura lindheimeri

WAND FLOWER An upright perennial with small, lance-shaped green leaves and tall slim stems dotted with starry, butterfly-shaped, pink-budded white flowers that appear all summer. Grow it in large containers of soil-based potting mix.

↑ 5ft (1.5m) ↔ 3ft (1m)

☀️ Z5–9 (N)

SHRUB SMALL

Heliotropium arborescens

HELIOTROPE A bushy evergreen shrub, grown as an annual, with oval, crinkled dark green leaves and clusters of fragrant purple or white flowers throughout summer. Plant it in containers of all-purpose potting soil near seating or paths.

↑↔ 18in (45cm)

☀️ Z10–11

PERENNIAL SMALL

Heuchera 'Plum Pudding'

CORAL BELLS An evergreen perennial with rounded, lobed and veined maroon-purple leaves. It bears slim stems of small white flowers in summer. Grow it as a foil for colorful flowers in windowboxes and containers filled with soil-based potting mix.

↑ 20in (50cm) ↔ 12in (30cm)

☀️ Z4–9 (N)

PERENNIAL SMALL

x Heuchera 'Tapestry'

FOAMY BELLS This evergreen or semievergreen perennial has deeply lobed green foliage with purple centers and veins and sprays of small pink flowers in early summer. Plant it in windowboxes or pots in a sheltered spot. Remove spent blooms.

↑↔ 12in (30cm)
