

CLIMBER MEDIUM

Lathyrus odoratus

SWEET PEA This annual climbs by tendrils. It has divided midgreen leaves and scented pink, blue, purple, or white flowers from summer to early fall. Plant it in large containers of potting mix using a tripod support. Deadhead regularly.

↑ up to 10ft (3m)

PERENNIAL SMALL

Impatiens New Guinea Group

NEW GUINEA IMPATIENS This shrubby perennial, grown as an annual, has glossy, lance-shaped green leaves and vibrant pink, red, lavender, and white flowers that appear in summer. It is suitable for containers filled with all-purpose potting soil.

↑ 14in (35cm) ↔ 12in (30cm)

☪ Z10–12

PERENNIAL SMALL

Lobelia erinus

TRAILING LOBELIA A tender perennial, grown as an annual, with branching stems of green leaves and numerous tiny blue, pink, or white flowers from summer to fall. Trailing and bushy varieties are available. Grow in potting mix; water daily in summer.

↑ 8in (20cm) ↔ 6in (15cm)

☪ Z10–11

BULB MEDIUM

Muscari armeniacum

GRAPE HYACINTH A spring-flowering perennial bulb with narrow grassy leaves and short spikes of small, fragrant, bell-shaped blue flowers held in cone-shaped clusters. Combine with other spring bulbs in containers of gritty soil-based potting mix.

↑ 8in (20cm)

☪ Z4–8

PERENNIAL SMALL

Impatiens walleriana

BUSY LIZZIE This evergreen perennial, grown as an annual, has oval green leaves and a proliferation of rounded blooms in shades of red, pink, purple, violet, orange, or white from spring to fall. Plant it in containers of potting soil.

↑ up to 12in (30cm)

☪ Z10–11

BULB MEDIUM

Narcissus 'Hawera'

DAFFODIL This perennial bulb has upright, straplike green foliage and is grown for its small, nodding yellow flowers held on upright stems in mid-spring. Best in light shade only; plant it in containers, baskets, and windowboxes.

↑ 6in (15cm)

☪ Z4–9

BULB MEDIUM

Narcissus 'Jack Snipe'

DAFFODIL This early- to mid-spring-flowering dwarf perennial bulb has narrow dark green leaves and creamy white flowers with short yellow cups. Plant in groups in containers and windowboxes filled with all-purpose potting soil.

↑ 9in (23cm)

☪ Z4–9

BULB MEDIUM

Narcissus 'Tete-a-tete'

DAFFODIL This spring-flowering perennial bulb has strap-shaped leaves. It is a dwarf early-flowering form bearing bright golden-yellow blooms. Plant it in containers, windowboxes, and baskets filled with all-purpose potting soil.

↑ up to 12in (30cm)

☪ Z4–9

ANNUAL/BIENNIAL SMALL

Nemophila maculata

FIVE-SPOT A fast-growing spreading annual with lobed leaves. It bears small, bowl-shaped white flowers with purple petal tips throughout summer, provided it is watered well. Grow it in potting mix as edging in mixed containers. May self-sow.

↑ up to 12in (30cm)

☪ Z

PERENNIAL SMALL

Nicotiana Domino Series

FLOWERING TOBACCO These short-lived perennials, grown as annuals, have sticky midgreen leaves and heads of long, tubular white summer flowers. Plant in large pots and support the stems; plant where the evening fragrance can be enjoyed.

↑ 18in (45cm) ↔ 16in (40cm)

☪ Z10–11
