

PERENNIAL LARGE

Nicotiana sylvestris

FLOWERING TOBACCO This tall perennial, grown as an annual, has long, sticky midgreen leaves. Heads of long, tubular white flowers appear in summer. Plant it in large containers of potting soil, where you can enjoy its evening fragrance.

↑5ft (1.5m) ↔30in (75cm)

☀️ ⚠️ Z10–11

PERENNIAL SMALL

***Ophiopogon planiscapus* 'Nigrescens'**

MONDO GRASS An clump-forming evergreen perennial with leathery, grasslike black leaves. Black berries follow the bell-shaped, white or mauve summer blooms. Plant in containers of soil-based potting mix.

↑9in (23cm) ↔12in (30cm)

☀️ Z6–10

PERENNIAL SMALL

***Petunia Surfinia* Series**

PETUNIA This group of trailing petunias has green foliage and numerous trumpet-shaped pink, purple, red, white, and yellow flowers. Grown as annuals, these perennials can be used to trail from windowboxes and baskets of potting soil. Plant in light shade.

↑16in (40cm) ↔3ft (1m)

☀️ Z10–11

SHRUB MEDIUM

Rhododendron yakushimanum

YAKUSHIMA RHODODENDRON A medium-sized compact evergreen shrub with leathery green leaves that are felted beneath and bell-shaped, pink-budded white flowers in spring. Grow it in acidic soil mix; water in dry periods.

↕↔ up to 6ft (2m)

☀️ 🌿 ⚠️ Z5–8

ANNUAL/BIENNIAL SMALL

Phlox drummondii

ANNUAL PHLOX A bushy annual with neat green leaves and clusters of small pink, red, purple, blue, and white flowers, which appear throughout summer. Use it to edge a container display, and grow it in containers of potting soil.

↑18in (45cm) ↔10in (25cm)

☀️ Ⓝ

SHRUB MEDIUM

Skimmia japonica

JAPANESE SKIMMIA This evergreen shrub has oval mid- to dark green leaves. Red berries on females (above) follow the white spring-flower clusters. Plant in soil-based potting mix. Performs best in West Coast gardens.

↕↔ up to 5ft (1.5m) in a pot

☀️ ⚠️ Z6–8

SHRUB LARGE

Physocarpus opulifolius

NINEBARK A deciduous shrub with lobed green, yellow, or purple-red leaves. Brown fruits follow the domed clusters of pale pink summer blooms. Grow it in a large container of soil-based potting mix; prune after flowering.

↑up to 10ft (3m) ↔15ft (1.5m)

☀️ Z3–7 Ⓝ

PERENNIAL SMALL

***Primula Crescendo* Series**

POLYANTHUS PRIMROSE This perennial, grown as an annual, has rosettes of corrugated dark green leaves. From winter to spring, it bears clusters of yellow-eyed flowers in many colors. Plant it in containers of potting mix.

↕↔ 8in (20cm)

☀️ Z5–7

ANNUAL/BIENNIAL SMALL

Torenia fournieri

WISHBONE FLOWER A bushy annual with serrated light green leaves and, from summer to early fall, flared blooms with pale lilac and blue-purple petals and white and yellow throats. Plant in a shaded windowbox in all-purpose potting soil.

↑12in (30cm) ↔8in (20cm)
