SHRUB SMALL

Sarcococca confusa

SWEET BOX A bushy evergreen shrub with glossy, lance-shaped dark green leaves. In winter, it bears clusters of tiny, sweetly fragrant white blooms followed by shiny black fruits. It tolerates full shade and the dry soil beneath trees.
 ↑↔3ft (1m)

☀ Z6–9

SHRUB SMALL

Rhododendron 'Yaku Prince'

RHODODENDRON This rounded evergreen shrub has olive-green leaves with orange-brown hairs on the undersides. Large clusters of orange-red-spotted pink flowers appear from late spring to early summer. Plant in acidic soil in a woodland bed.
 ↑↔3ft (1m)

☀ Z5–9

PERENNIAL SMALL

Saxifraga fortunei

SAXIFRAGE A clump-forming semievergreen perennial with rounded, jaggedly lobed, fleshy brownish green leaves, red beneath. Airy heads of small, white-tinged pink starry flowers open in late summer. Use it as ground cover beneath trees.
