

BULB MEDIUM

Hyacinthus orientalis

HYACINTH A late-spring-flowering bulb with linear bright green leaves and spikes of highly scented bell-shaped flowers in a wide range of colors, including white, yellow, pink, red, and orange. Plant the bulbs in fall at the front of a bed or in pots.

↑12in (30cm)

☀️ ⚠️ Z4–8

SHRUB MEDIUM

Hydrangea macrophylla

BIGLEAF HYDRANGEA A deciduous shrub with broadly oval dark green leaves, which turn yellow in fall, and flat clusters of mauve-pink or blue summer flowers. Grow as a specimen, or at the rear of a bed. Blue forms (above) need acidic soil.

↑6ft (2m) ↔8ft (2.5m)

☀️ ⚠️ Z6–9

SHRUB SMALL

Hypericum calycinum

AARON'S BEARD This dwarf semi- or fully evergreen shrub has dark green leaves and, from midsummer to mid-fall, large, open, bright yellow flowers with a tuft of fluffy stamens in the center. Tolerates partial shade. Ideal for ground cover.

↑24in (60cm) ↔indefinite

☀️ Z5–9

SHRUB MEDIUM

Leucothoe fontanesiana

DROOPING LEUCOTHOE An arching evergreen shrub with toothed, leathery, dark green leaves and bell-shaped white flowers in spring. 'Rainbow' (above) has reddish green stems and mottled leaves. It tolerates deep shade and needs acidic soil.

↑up to 5ft (1.5m) ↔6ft (2m)

☀️ ⚠️ Z5–8 Ⓝ

PERENNIAL SMALL

Liriope muscari

LILYTURF A spreading evergreen perennial with grasslike, glossy dark green leaves and tiny lavender or purple-blue fall flower spikes. Use it to edge a shady border or as ground cover beneath shrubs. Considered invasive in some areas of the Southeast US.

↑12in (30cm) ↔18in (45cm)

☀️ ⚠️ Z6–10

SHRUB LARGE

Itea virginica

VIRGINIA SWEETSPIRE This spreading shrub has arching stems that bear oval, spiny dark green leaves. From midsummer to early fall, it produces decorative greenish white racemes. Attractive red foliage in fall may persist into winter.

↑10ft (3m) ↔5ft (1.5m)

☀️ 🌿 Z5–9 Ⓝ

SHRUB SMALL

Juniperus squamata

SINGLESEED JUNIPER This dense, rounded evergreen conifer produces a low mound of slender, bright blue-gray foliage and makes a good foil for pastel- and hot-colored flowers in a city garden. It is suitable for large containers of soil-based potting mix.

↑16in (40cm) ↔3ft (1m)

☀️ Z4–8

TREE SMALL

Magnolia x soulangeana

SAUCER MAGNOLIA A spreading deciduous tree with oval, dark green leaves and, from mid- to late spring, pink, white, or purple goblet-shaped flowers. Use it as a feature in a lawn or mixed bed; protect flower buds from late frosts.

↑↔20ft (6m)

☀️ 🌿 Z5–9

BULB MEDIUM

Narcissus 'Jack Snipe'

DAFFODIL This early- to mid-spring-flowering perennial bulb has narrow dark green leaves and creamy white flowers with short bright yellow cups. Plant the bulbs in groups in fall at the front of a bed or in containers.

↑9in (23cm)

☀️ ⚠️ Z4–9

BULB MEDIUM

Narcissus jonquilla

JONQUIL A mid-spring-flowering perennial bulb with narrow dark green leaves and clusters of richly fragrant yellow flowers with shallow, dark golden-yellow cups. Plant the bulbs in groups in fall at the front of a bed or in pots.

↑12in (30cm)

☀️ ⚠️ Z4–9
