

PERENNIAL MEDIUM

Salvia nemorosa

SAGE A compact perennial with lance-shaped, wrinkled midgreen leaves and spikes of pink, white, or purple flowers from summer to early fall. Plant it in light shade. 'East Friesland' (above) has violet-blue flowers with pink bracts.

↑ up to 30in (75cm) ↔ 24in (60cm)

☀ Z4–8

SHRUB SMALL

Salvia officinalis

SAGE This evergreen or semievergreen subshrub has aromatic gray-green or pale green leaves and, tubular purple-blue summer flowers. 'Aurea' (above) has yellow-variegated leaves. Use to edge a bed or as ground cover. Can be treated as an annual.

↑ 32in (80cm) ↔ 3ft (1m)

☀ Z5–8

SHRUB SMALL

Sarcococca confusa

SWEET BOX A bushy evergreen shrub with glossy, lance-shaped, dark green leaves. In winter, clusters of white, tiny, sweetly fragrant blooms appear, followed by shiny black fruits. Plant it next to a path in part or deep shade.

↑↔ 3ft (1m)

☀ Z6–9

SHRUB MEDIUM

Sarcococca hookeriana
var. digyna

SWEET BOX A bushy evergreen shrub with glossy, lance-shaped dark green leaves. Clusters of tiny, white fragrant winter blooms are followed by shiny black fruits. Plant it next to a path to enjoy the scent.

↑ 5ft (1.5m) ↔ 6ft (2m)

☀ Z6–9

SHRUB LARGE

Skimmia japonica

JAPANESE SKIMMIA This evergreen shrub has glossy green leaves and clusters of tiny, pink-budded white spring flowers. Females (above) bear bright red berries when grown near a male plant. Grow in moist, well-drained soil. Best in West Coast gardens.

↑↔ 20ft (6m)

☀ ⚠ Z6–8

PERENNIAL MEDIUM

Spigelia marilandica

INDIAN PINK This is a medium-sized upright perennial with oval, undivided, paired green leaves. In early summer, it produces clusters of tubular red flowers with star-shaped yellow tips. Plant it in part shade.

↑ 24in (60cm) ↔ 18in (45cm)

☀ Z5–9 Ⓝ

TREE MEDIUM

Taxus baccata 'Fastigiata'

IRISH YEW This upright, slender evergreen conifer is better suited to small gardens than the species. It has needlelike dark green leaves. Female plants bear red berries. It makes a neat focal point, and tolerates deep shade. All parts are toxic.

↑ up to 30ft (10m) ↔ 12ft (4m)

☀ ⚠ Z6–7

TREE SMALL

Trachycarpus fortunei

WINDMILL PALM This evergreen palm has an unbranched stem and head of large, deeply divided, fanlike midgreen leaves. Sprays of fragrant creamy yellow flowers appear in early summer. Plant it in a sheltered area, away from drying winds.

↑ up to 6ft (2m) ↔ 8ft (2.5m)

☀ Z8–10

SHRUB MEDIUM

Viburnum davidii

DAVID VIBURNUM This dome-shaped evergreen shrub has deeply veined foliage and small white late-spring-flower clusters. Female plants produce decorative metallic blue fruits, if both sexes are grown. Use as ground cover, or grow under trees.

↑↔ 5ft (1.5m)

☀ ⚠ Z7–9

SHRUB LARGE

Viburnum farreri

FRAGRANT VIBURNUM This deciduous, upright shrub has dark green foliage, bronze when young. In late fall and during mild periods in winter and early spring, clusters of fragrant white or pale pink blooms form, followed by red, blue, or black berries.

↑ 10ft (3m) ↔ 8ft (2.5m)

☀ ⚠ Z5–8
