

ANNUAL/BIENNIAL LARGE

Cleome hassleriana

SPIDER FLOWER This tall annual bears spiny stems of divided foliage and rounded clusters of small, spidery white, pink, or purple flowers with a light fragrance in summer. Use it to add a tropical touch to beds.

↑ 4ft (1.2m) ↔ 18in (45cm)

SHRUB MEDIUM

Cycas revoluta

JAPANESE SAGO PALM An elegant evergreen palm with a rough-textured trunk and arching, oval, glossy green leaves divided into needlelike leaflets. It is hardy to 12°F (-8°C) and will survive winters outside in a sheltered area.

↑↔ 6ft (2m)

***Crocasmia 'Lucifer'***

MONTBRETIA This clump-forming perennial has narrow, sword-shaped midgreen foliage. In summer, it produces bright red flowers. Yellow-, red-, and orange-flowered varieties are also available. Can be weedy.

↑ 3ft (1m) ↔ 10in (25cm)

PERENNIAL LARGE

Ensete ventricosum

ABYSSINIAN BANANA This palmlike evergreen perennial has paddle-shaped foliage with cream midribs, red beneath. Grow in a container of gritty soil-based potting mix; overwinter indoors. 'Maurelii' has red-splashed leaves with red midribs.

↑ 6ft (2m) ↔ 3ft (1m)

BULB MEDIUM

Eucomis bicolor

PINEAPPLE LILY This summer-flowering perennial bulb has wavy-edged basal leaves and clusters of greenish white flowers with purple-edged petals on spotted stems. The flowers, with their leaflike bracts, resemble pineapples.

↑ 20in (50cm)

CLIMBER LARGE

Cobaea scandens

CUP-AND-SAUCER VINE A Mexican native evergreen perennial climber, grown as an annual, with dark green leaves and scented, cup-shaped creamy green, aging to purple, blooms. It bears a wall of color from summer to fall when grown on trellis or wires.

↑ 15ft (5m)

PERENNIAL LARGE

Hedychium densiflorum

GINGER LILY This perennial forms large, lance-shaped green leaves. In summer, torchlike clusters of orange flowers appear. Grow it in groups in moist but well-drained soil to create a spectacular summer bed. Protect from cold with thick mulch.

↑ 6ft (2m) ↔ 24in (60cm)

PERENNIAL LARGE

Colocasia esculenta

ELEPHANT'S EAR A marginal perennial with large spear-shaped leaves. Grow in a bog garden or large pot. In cold areas, lift before hard freeze and store clean corm in cool frost-free location. Considered invasive in Gulf Coast areas.

↑ 5ft (1.5m) ↔ 24in (60cm)

BULB MEDIUM

Dahlia 'Yellow Hammer'

DWARF BEDDER SINGLE DAHLIA Grown from a tuber, this dahlia bears dark bronze foliage and orange-streaked bright yellow blooms. Plant in containers of soil-based potting mix or in groups at the front of a bed. Lift and overwinter indoors in cold areas.

↑ 24in (60cm)

SHRUB SMALL

Helichrysum petiolare

LICORICE PLANT This shrub, used as an annual bedding plant, is grown for its trailing stems of downy gray-green leaves. Perfect for edging pots or beds. 'Limelight' (above) has lime-green foliage, and makes a good partner for red-flowered plants.

↑ 6in (15cm) ↔ 12in (30cm)
