

PERENNIAL LARGE

Aster novae-angliae

Renamed *Symphyotrichum novae-angliae* This New England aster has slim, green hairy leaves and, from late summer to fall, purple, pink, red, or white daisy-like flowers, depending on the variety. Taller forms may require staking.
 ↑ up to 5ft (1.5m) ↔ 24in (60cm)

 Z4–8 (N)

PERENNIAL SMALL

Astilbe x arendsii

ASTILBE A clump-forming perennial with deeply divided fernlike dark green foliage. In summer, it bears cone-shaped, dark pink feathery flower heads on slim stems. It also grows well in full shade.
 ↑ 18in (45cm) ↔ 12in (30cm)

 Z4–8

SHRUB MEDIUM

***Ceanothus* 'Dark Star'**

CALIFORNIA LILAC This wall shrub produces arching branches covered with small, oval evergreen leaves and clusters of dark blue-purple flowers in late spring. Shelter the plants from cold winds. Can be trained.
 ↑ 6ft (2m) ↔ 10ft (3m)

 Z9–11 (N)

PERENNIAL MEDIUM

Centaurea pulcherrima

CENTAUREA This upright drought-tolerant perennial is a favorite of butterflies and has divided gray-green to silver foliage and large cornflowerlike, rose-pink midsummer blooms with pale yellow centers. Try it with *Salvia x sylvestris* 'May Night'.
 ↑ 30in (75cm) ↔ 24in (60cm)

 Z4–8

TREE SMALL

***Cercis canadensis* 'Forest Pansy'**

EASTERN REDBUD This deciduous, spreading tree bears pale pink pealike blooms in spring, before the heart-shaped, rich purple leaves emerge. Use it as a specimen tree at the back of a cottage bed.
 ↑ 15ft (5m)

 Z4–9 (N)

CLIMBER MEDIUM

***Clematis* 'Madame Julia Correvon'**

CLEMATIS One of the Viticella Group of clematis, this vigorous climber bears abundant wine-red blooms with a central tuft of cream stamens from mid- to late summer. Try growing it through a tree.
 ↑ 11ft (3.5m)

 Z4–9

ANNUAL/BIENNIAL SMALL

Cerinthe major

HONEYWORT This upright annual produces oval gray-green leaves and, in summer, tubular purple and yellow flowers on erect stems, which may need some support; plants may self-seed in gravel.
 ↑ 24in (60cm)

PERENNIAL SMALL

***Chrysanthemum* 'Grandchild'**

DECORATIVE GARDEN MUM This compact perennial produces green lobed leaves and dense sprays of mauve-pink fully double blooms, which are perfect for cutting. Plant it at the front of a fall bed.
 ↑ 18in (45cm) ↔ 16in (40cm)

 Z5–9

CLIMBER MEDIUM

***Clematis* 'Jackmanii'**

CLEMATIS This late-flowering clematis blooms from midsummer to early fall. The large, velvety violet-purple flowers with greenish cream stamens look beautiful trained up a wall or fence as a bed backdrop, or on a rustic trellis.
 ↑ 10ft (3m)

 Z4–9

CLIMBER LARGE

Clematis montana

HIMALAYAN CLEMATIS This vigorous deciduous climber bears masses of small yellow-centered, white or pink blooms from late spring to early summer. It provides a wonderful habitat and welcome source of nectar for bees and other beneficial insects.
 ↑ 40ft (12m)

 Z6–9
