

SHRUB LARGE

Kalmia latifolia

MOUNTAIN LAUREL This bushy, dense evergreen shrub. In early summer, large clusters of pink saucer-shaped flowers open from distinctively crimped buds amid glossy rich green foliage. Prefers acidic soil and cool microclimates.

↑↔10ft (3m)

☹ ☀️ 🌿 ⚠️ Z4–9 (N)

PERENNIAL LARGE

Kniphofia uvaria

RED-HOT POKER This perennial's strap-shaped evergreen leaves and tall spikes of red and yellow cone-shaped flower heads create an eye-catching feature in late summer when planted in swaths through the center of a bed.

↑4ft (1.2m) ↔24in (60cm)

☹ ☀️ Z5–9

CLIMBER MEDIUM

Lathyrus odoratus

SWEET PEA This annual climbs by tendrils, and has divided scented midgreen leaves and pink, blue, purple, or white flowers from summer to early fall. Plant in large pots or in a bed with a tripod support.

↑10ft (3m)

☹ ☀️ ☀️ ⚠️

PERENNIAL MEDIUM

Leucanthemum x superbum

SHASTA DAISY Grow this upright perennial mid-bed for its lance-shaped leaves and large white, or sometimes yellow, daisies that appear from midsummer to fall.

'Wirral Pride' (above) has striking yellow-centered white double flowers.

↑3ft (1m) ↔24in (60cm)

☹ ☀️ Z5–9

SHRUB SMALL

Lavandula angustifolia

ENGLISH LAVENDER An evergreen subshrub with narrow, aromatic silver-gray leaves and dense spikes of fragrant, deep purple flowers held on wiry stems from mid- to late summer. Other varieties have flowers in shades of white, pink, and mauve.

↑24in (60cm) ↔30in (75cm)

☹ ☀️ Z5–8

BULB LARGE

Lilium longiflorum

EASTER LILY An upright perennial bulb with long, shiny lance-shaped leaves. This classic lily bears sprays of fragrant, large, outward-facing, funnel-shaped pure white summer flowers with slightly reflexed petals. Flowers are excellent for cutting.

↑up to 3ft (1m)

☹ ☀️ Z7–9

BULB LARGE

Lilium regale

REGAL LILY This perennial bulb has tall unbranched stems topped with large, fragrant trumpet-shaped white flowers, yellow at the throat and pinkish purple on the outside. Plant it in pots or among tall delphiniums and shrub roses.

↑6ft (2m)

☹ ☀️ Z4–8

PERENNIAL LARGE

Lupinus 'The Chatelaine'

LUPINE This upright perennial has round leaves divided into lance-shaped leaflets. Tall spikes of dark pink and white flowers appear in summer, adding color to the middle of a border. Plants may need staking. The seeds are toxic.

↑4ft (1.2m) ↔18in (45cm)

☹ ☀️ ⚠️ Z4–8

ANNUAL/BIENNIAL MEDIUM

Malope trifida

ANNUAL MALLOW This fast-growing upright annual, with lobed leaves, is a magnet for bees and a good partner for soft fruits and vegetables. Trumpet-shaped purple-pink blooms with darker nectar guides open from summer to fall.

↑3ft (1m) ↔12in (30cm)
