

CLIMBER LARGE

Rosa 'Albertine'

CLIMBING ROSE A vigorous rose with arching, thorny reddish stems and glossy dark green foliage. In summer, it bears clusters of scented, salmon-pink fully double flowers in one flush. Grow it through a tree or on a large pergola.

↑15ft (5m)

☀ Z5–9

SHRUB MEDIUM

Rosa 'Ballerina'

POLYANTHA ROSE This shrub rose bears clusters of small, white-centered pale pink single flowers in repeated flushes from midsummer to early fall. Deadhead or pick regularly to prolong the display. Mulch annually in spring.

↑5ft (1.5m) ↔ 4ft (1.2m)

☀ Z5–9

CLIMBER LARGE

Rosa banksiae 'Lutea'

YELLOW BANKSIAN ROSE This vigorous semievergreen rambling rose bears abundant clusters of unscented, soft yellow double flowers in late spring. The thornless stems clamber over fences and trees, draping them in early color.

↑30ft (10m)

☀ Z8–9

SHRUB SMALL

Rosa 'Buff Beauty'

HYBRID MUSK ROSE This mid-bed shrub has long arching stems, glossy leaves, and large clusters of fragrant double blooms over a long period from summer to fall. The apricot shading of the flowers lend an old-fashioned look to the garden.

☀ Z5–9

SHRUB MEDIUM

Rosa 'Complicata'

GALLICA ROSE This shrub has open, mildly scented, white-centered midpink single blooms in a one flush during midsummer. Grow it mid-bed with later-flowering plants to give continued color. Deadhead regularly, and mulch with compost in spring.

↑7ft (2.2m) ↔ 8ft (2.5m)

☀ Z4–9

SHRUB MEDIUM

Rosa GERTRUDE JEKILL

ENGLISH SHRUB ROSE A shrub or a small climber with large, richly scented, pink fully double flowers from summer to early fall. Plant at the back of a bed or train against a low fence. Deadhead regularly and mulch with compost during spring.

↑6ft (2m) ↔ 4ft (1.2m)

☀ Z5–9

SHRUB MEDIUM

Rosa 'Roseraie de l'Hay'

RUGOSA ROSE This shrub produces prickly upright stems clothed in glossy green wrinkled foliage that provides a foil for the fragrant, purple-crimson double flowers from summer to fall. Tomatolike hips appear in fall.

↑7ft (2.2m) ↔ 6ft (2m)

☀ Z4–9

CLIMBER MEDIUM

Rosa SUMMER WINE

CLIMBING ROSE This climbing rose has disease-resistant dark green leaves and small clusters of fragrant, flat-faced, coral-pink semidouble flowers from summer to fall. It is ideal for growing on a wall, fence, arch, or pillar.

↑10ft (3m)

☀ Z5–9

SHRUB MEDIUM

Rosa 'Zéphirine Drouhin'

THORNLESS ROSE Grow this rose as a shrub, or train it as a small climber. It bears bright pink double flowers from summer to fall. An ideal back-of-bed plant, it tolerates shade. Deadhead often and mulch with organic matter in spring.

↑8ft (2.5m) ↔ 6ft (2m)

☀ Z5–9

SHRUB SMALL

Salvia officinalis

SAGE An evergreen perennial with oval, aromatic gray-green leaves that are used to flavor meat dishes and to make stuffing. It bears spikes of lilac-pink summer flowers. Can be grown as an annual. 'Icterina' (above) has yellow and green variegated leaves.

↑32in (80cm) ↔ 3ft (1m)
