

PERENNIAL MEDIUM

Salvia pratensis

MEADOW SAGE A cottage garden favorite, this perennial bears a clump of large toothed leaves and, in early summer, upright stems of purple two-lipped flowers that are irresistible to bees and butterflies. Makes a great cut flower.

↑3ft (1m) ↔12in (30cm)

☀️ ☀️ Z3–9

SHRUB SMALL

Santolina pinnata

LAVENDER COTTON A mound-forming evergreen subshrub with finely toothed silver foliage that gives year-round color and pale lemon pompomlike summer blooms. This drought-tolerant plant will thrive in well-drained soils with minimal water.

↑30in (75cm) ↔3ft (1m)

☀️ ☀️ Z9–11

PERENNIAL MEDIUM

Sidalcea malviflora

CHECKERBLOOM This upright branching perennial has lobed green leaves and, in summer, funnel-shaped, lilac or pale pink flowers on tall stems. Plant it in drifts in the middle of a bed; stake taller plants as required.

↑3ft (1m) ↔18in (45cm)

☀️ ☀️ pH Z5–7 (N)

SHRUB MEDIUM

Spiraea nipponica

SPIREA Use this shrub at the back of a bed, or as an informal hedge. Small oval leaves cover the wiry stems and rounded clusters of tiny white blooms clothe the sideshoots in summer. 'Snowmound' (above) is a vigorous variety.

↑↔8ft (2.5m)

☀️ ☀️ Z4–8

PERENNIAL SMALL

Stokesia laevis

STOKES' ASTER This evergreen perennial has narrow midgreen leaves, and bears large, cornflower-like lavender- or purple-blue flowers on short stems from midsummer to mid-fall. 'Purple Parasols' (above) has violet-purple blooms.

↑↔18in (45cm)

☀️ ☀️ pH Z5–9 (N)

BULB MEDIUM

Tulipa 'China Pink'

TULIP This tall late-spring-flowering bulb has grayish green leaves and slender, waisted pure rose-pink flowers, with outward-curving pointed petals. It looks good teamed with cream wallflowers or lime euphorbia.

↑22in (55cm)

☀️ ☀️ (N) Z3–8

BULB MEDIUM

Tulipa 'Spring Green'

TULIP This Viridiflora Group tulip bears lance-shaped dark green leaves and cup-shaped creamy white flowers with green markings in late spring. For a cool combination, try it with forget-me-nots and double bellis daisies.

↑15in (38cm)

☀️ ☀️ (N) Z3–8

PERENNIAL MEDIUM

Verbascum chaixii

NETTLE-LEAVED MULLEIN This perennial, ideal for creating focal points in a border, makes a rosette of coarse leaves. Pale yellow blooms form throughout summer on upright stems. 'Album' (above) has purple-eyed white flowers.

↑3ft (1m) ↔18in (45cm)

☀️ ☀️ Z5–9

SHRUB MEDIUM

Symphoricarpos x doorenbosii

SNOWBERRY This vigorous deciduous shrub has small, round dark green leaves and tiny greenish white summer flowers followed by showy clusters of round white fruits that provide winter interest. Useful as a hedging plant or bed backdrop.

↑6ft (2m) ↔indefinite

☀️ ☀️ ☀️ (N) Z4–7
