

SHRUB LARGE

Corylus avellana

EUROPEAN FILBERT A spreading deciduous shrub or small tree, this plant bears round dark green leaves, yellow in fall, and dangling yellow early spring catkins, sometimes followed by filbert nuts. Use it to create a small woodland garden.

↑↔15ft (5m)

☾ ☀ ☀ Z4–8

SHRUB SMALL

Cotoneaster horizontalis

ROCKSPRAY This deciduous shrub has small, glossy dark green leaves and branches arranged in a distinctive "herringbone" pattern. It bears small, white summer blooms that are followed by vivid red berries, enjoyed by birds during fall and early winter.

↑3ft (1m) ↔5ft (1.5m)

☾ ☀ ☀ ⚠ Z4–7

BULB SMALL

Crocus vernus

DUTCH CROCUS This dwarf perennial bulb, with its small cup-shaped lilac or purple flowers from spring to early summer, provides nectar for early pollinating insects and can be naturalized in lawns. Plant the corms during fall in groups or drifts.

↑5in (12cm)

☾ ☀ Z3–8

BULB LARGE

Dahlia 'Bishop of Llandaff'

DAHLIA This perennial, grown from spring-planted tubers, has divided, glossy black-purple leaves and dark-eyed bright red semidouble blooms. Single and semidouble dahlias like these are great nectar sources for butterflies and bees.

↑3ft (1m)

☾ ☀ Z9–11

PERENNIAL LARGE

Deschampsia cespitosa

TUFTED HAIR GRASS A tuft-forming deciduous perennial grass with clouds of golden-yellow summer flowers. Ideal for providing habitat for insects and nesting material and food for birds; offers naturalistic setting to planting schemes.

↑6ft (2m) ↔20in (50cm)

☾ ☀ Z4–9 Ⓝ

PERENNIAL SMALL

Erythronium 'Pagoda'

DOG'S-TOOTH VIOLET This tuberous-rooted perennial makes mounds of veined mottled leaves. With its nodding, nectar-rich pale yellow spring flowers with swept-back petals, it is perfect for woodland-style plantings.

↑14in (35cm) ↔8in (20cm)

☾ ☀ Z4–8

BULB SMALL

Eranthis hyemalis

WINTER ACONITE This clump-forming tuber has lobed green leaves and cup-shaped, yellow stalkless flowers with leaflike ruffs, from late winter to early spring. Grow it in pockets between rocks and combine with spring bulbs.

↑4in (10cm)

☾ ☀ ⚠ Z4–7

SHRUB SMALL

Erica carnea

WINTER HEATH This evergreen shrub, with needlelike leaves, makes a good front-of-bed or rock garden plant. The tiny pink, red, or white flowers from early winter to late spring are good for insects emerging from hibernation.

↑12in (30cm) ↔18in (45cm) or more

☾ ☀ ⚡ Z5–7

PERENNIAL LARGE

Filipendula rubra

QUEEN OF THE PRAIRIE An upright moisture-loving perennial with large, deeply cut green leaves. From early to midsummer, it produces heads of fluffy pink flowers on tall slender stems. The blooms provide a source of pollen for bees.

↑up to 8ft (2.5m) ↔4ft (1.2m)
