

BULB MEDIUM

Fritillaria meleagris

SNAKE'S-HEAD FRITILLARY A bulbous perennial with narrow leaves and nodding, rich purple or white bell-shaped spring flowers with a checkered pattern. Ideal for naturalizing in wildflower meadows, it also works well in cottage beds.

↑12in (30cm)

☀️ ☀️ ☀️ Z4–8

PERENNIAL SMALL

Galium odoratum

SWEET WOODRUFF Though steadily spreading, this carpeting perennial with emerald-green leaves charms its way into any semiwild or woodland planting with its froth of starry white blooms that appear from late spring to midsummer.

↑6in (15cm) ↔12in (30cm) or more

☀️ ☀️ ☀️ Z4–8

PERENNIAL MEDIUM

Geranium maculatum

SPOTTED GERANIUM This bushy upright perennial has deeply divided leaves and, in late spring, clusters of pale to dark pink or lilac blooms with white centers. Given sufficient soil moisture, this woodlander will naturalize. Attractive to butterflies.

↑30in (75cm) ↔18in (45cm)

☀️ ☀️ ☀️ Z3–8 (N)

TREE LARGE

Ilex aquifolium

ENGLISH HOLLY A slow-growing evergreen tree with dark green spiny leaves. Females bear bright red winter berries if grown near a male. Grow in wildlife borders as it offers habitat and food for insects and birds. Can be invasive so consider using *I. opaca*.

↑70ft (20m) ↔20ft (6m)

☀️ ☀️ ☀️ (N) Z7–9

PERENNIAL MEDIUM

Geranium pratense

MEADOW CRANESBILL A clump-forming perennial with lobed, deeply divided midgreen leaves that turn bronze in fall. Saucer-shaped, violet-blue veined flowers appear in summer. Plant it in meadows in heavy soils.

↑↔24in (60cm)

☀️ ☀️ ☀️ Z4–8

ANNUAL/BIENNIAL LARGE

Helianthus annuus

SUNFLOWER This classic cottage garden plant bears giant daisy-like yellow, orange, mahogany, or cream blooms throughout summer. Flowers attract bees while the seedheads serve as shelter for hibernating insects or food for birds.

↑up to 10ft (3m) ↔18in (45cm)

☀️ ☀️ ☀️ (N)

SHRUB LARGE

Ilex 'Sparkleberry'

WINTERBERRY This bushy deciduous shrub has pointed oval leaves that develop bold fall color before dropping. If a male plant is grown nearby, female plants bear small bright red berries that last well into winter, or until eaten by birds.

↑15ft (5m) ↔12ft (4m)

☀️ ☀️ ☀️ Z5–9

BULB MEDIUM

Hyacinthoides non-scripta

ENGLISH BLUEBELL This perennial bulb has narrow strap-shaped leaves and blue, or occasionally white, bell-shaped fragrant spring blooms that hang from arching stems. Gives nectar for bees and butterflies. Plant in masses in open woodland.

↑16in (40cm)

☀️ ☀️ (N) Z5–7

PERENNIAL LARGE

Inula magnifica

SHOWY ELECAMPAINE This imposing perennial makes a clump of large leaves and, in late summer, bears branched stems topped with daisy-like yellow blooms with threadlike petals. Grow it in damp meadows or next to a wildlife pond.

↑6ft (1.8m) ↔3ft (1m)

☀️ ☀️ ☀️ Z5–8
