

TREE MEDIUM

Halesia monticola

MOUNTAIN SILVERBELL This slow-growing tree has an elegant habit, and flowers freely in spring, bearing simple white bell-shaped blooms along its branches. It develops bright fall coloring, making it a useful specimen tree for larger gardens.

↑40ft (12m) ↔25ft (8m)

☀️ ☀️ ☀️ ☀️ ☀️ Z5–8 (N)

TREE MEDIUM

Magnolia virginiana

SWEETBAY MAGNOLIA Grown as a large shrub or tree, it has large cup-shaped, vanilla-scented creamy white flowers set against dark green leaves from early summer to early fall. Generally deciduous, it retains some leaves in milder areas.

↑30ft (10m) ↔20ft (6m)

☀️ ☀️ ☀️ ☀️ ☀️ Z5–9 (N)

TREE SMALL

Crataegus laevigata 'Paul's Scarlet'

ENGLISH HAWTHORN A deciduous tree with spiny stems of glossy green lobed leaves and, in late spring, numerous red double blossoms. Grown as a small specimen tree or planted as part of a wildlife hedge.

↑↔25ft (8m)

☀️ ☀️ ☀️ ☀️ ☀️ Z4–7

TREE MEDIUM

Malus floribunda

JAPANESE FLOWERING CRABAPPLE This deciduous tree has showy pale pink flowers that emerge from crimson buds in spring after the oval leaves appear. Edible red and yellow fruits follow in fall. Plant it in a bed or lawn. Considered invasive.

↑↔30ft (10m)

☀️ ☀️ ☀️ ☀️ ☀️ Z4–8

TREE LARGE

Davidia involuocrata

DOVE TREE Provide this deciduous tree with space to spread its large branches, which, in late spring, are covered with tiny flowers surrounded by white bracts that resemble handkerchiefs, alongside pointed, oval green foliage.

↑50ft (15m) ↔30ft (10m)

☀️ ☀️ ☀️ ☀️ ☀️ Z6–8

TREE MEDIUM

Magnolia 'Heaven Scent'

MAGNOLIA This tree produces goblet-shaped rosy pink flowers with a magenta stripe on each petal in mid-spring, creating a focal point in a lawn or bed. It has oval green leaves that appear at the same time as the flowers.

↑↔30ft (10m)

☀️ ☀️ ☀️ ☀️ ☀️ Z6–9

TREE MEDIUM

Magnolia stellata

STAR MAGNOLIA This rounded deciduous tree or shrub bears silky-haired buds on leafless stems that open to reveal fragrant, starry white flowers. The narrow green leaves appear just after the blooms. Protect the blooms from spring frosts.

↑↔30ft (10m)

☀️ ☀️ ☀️ ☀️ ☀️ Z4–8

TREE MEDIUM

Malus hupehensis

TEA CRABAPPLE This spreading deciduous tree is perfect for a lawn or bed focal point. In spring, it produces masses of fragrant white flowers, followed by cherrylike red fruits in fall. Oval dark green leaves appear before the blossom.
