

CLIMBER MEDIUM

Clematis 'Fireworks'

CLEMATIS Flowering from late spring to early summer, and again in late summer, this large-flowered deciduous clematis, with its magenta-striped blue-mauve blooms, bears a colorful back-of-bed accent when threaded through trellis or a shrub.

↑12ft (4m)

☀️ ☀️ ☀️ Z4–9

CLIMBER MEDIUM

Clematis 'Huldine'

CLEMATIS This deciduous climber, from mid- to late summer, bears abundant white flowers, mauve beneath. Climb it through large spring-flowering shrubs to prolong their color, or train it up freestanding obelisks. Keep the roots shaded.

↑12ft (4m)

☀️ ☀️ ☀️ Z4–9

PERENNIAL MEDIUM

Crocosmia 'Lucifer'

MONTBRETIA Ideal for late-summer color, this clump-forming perennial has upright sword-shaped leaves. Vibrant red tubular blooms appear on branched stems in late summer. Provide good support; deadhead after flowering. Can become weedy.

↑3ft (1m) ↔10in (25cm)

☀️ ☀️ ☀️ Z6–9

SHRUB MEDIUM

Escallonia 'Apple Blossom'

ESCALLONIA This compact evergreen shrub offers a green leafy backdrop to perennials and bulbs for most of the year, and injects color with its vase-shaped pink flowers into the planting scheme from early to midsummer. Best in West Coast gardens.

↑↔8ft (2.5m)

☀️ ☀️ ☀️ Z8–9

SHRUB SMALL

Fuchsia hybrids

FUCHSIA A compact deciduous shrub with dark green leaves and bell-shaped, red, pink, violet, white, and, sometimes bicolored, semidouble flowers. Can be grown as an annual in cooler areas. Ideal for the front of a summer bed.

↑24in (60cm) ↔18in (45cm)

☀️ ☀️ ☀️ Z9–11

PERENNIAL LARGE

Delphinium elatum

LARKSPUR An upright perennial, ideal for a mid-bed spot, with deeply cut green leaves and, in midsummer, tall spikes of bowl-shaped blooms in a wide range of colors. There are many tall and dwarf varieties to choose from; most forms require staking.

↑6ft (2m) ↔3ft (10m)

☀️ ☀️ ☀️ Z3–7

PERENNIAL SMALL

Coreopsis verticillata

THREADLEAF COREOPSIS This perennial is ideal for the front or middle of a bed, and to fill any gaps with its dense ferny foliage and slender stems topped with daisy-like yellow summer blooms. 'Moonbeam' (above) has lemon-yellow flowers.

↑20in (50cm) ↔18in (45cm)

☀️ ☀️ ☀️ Z3–9 (N)

PERENNIAL LARGE

Echinops ritro

SMALL GLOBE THISTLE This upright perennial has prickly, divided dark green leaves and globe-shaped, spiky metallic blue flower heads in late summer. Use it to plug the gaps left by tall alliums when they begin to fade earlier in the season.

↑4ft (1.2m) ↔30in (75cm)

☀️ ☀️ ☀️ Z3–9

PERENNIAL MEDIUM

Gaillardia x grandiflora

BLANKET FLOWER Add this perennial to the front or middle of a border for a splash of color. It produces slim green leaves and rounded red summer blooms, with a yellow ring at the outer edges. Varieties include 'Kobold' (above).

↑3ft (10m) ↔18in (45cm)

☀️ ☀️ ☀️ Z3–10 (N)

PERENNIAL LARGE

Gaura lindheimeri

WAND FLOWER An upright perennial that bears masses of simple, star-shaped white flowers on wiry stems from midsummer to fall. It has an open habit and can be planted mid-bed with the plants behind remaining visible. Deadhead regularly.

↑5ft (1.5m) ↔3ft (1m)

☀️ ☀️ ☀️ Z6–9 (N)
