

PERENNIAL MEDIUM

Penstemon 'Osprey'

BEARDTONGUE This perennial's spikes of tubular, pink-edged white summer to early fall flowers and simple green leaves blend perfectly with Russian sage and pastel-colored dahlias in a sheltered, sunny bed. Deadheading prolongs the display.
 ↑3½ft (1.1m) ↔24in (60cm)

☀️ Z7-9

SHRUB SMALL

Perovskia 'Blue Spire'

RUSSIAN SAGE An upright deciduous subshrub with small blue-purple flowers held above silver-gray foliage from late summer to fall. Plant it in a mixed sunny bed to provide late season color. The spent flower stems will persist into winter.
 ↑4ft (1.2m) ↔3ft (1m)

☀️ Z5-9

PERENNIAL SMALL

Persicaria affinis 'Superba'

KNOTWEED This vigorous perennial forms a dense mat of oval green leaves that turn rich brown in fall. From early- to late summer, it bears upright spikes of soft pink blooms that darken with age. Plant it at the front of a bed and deadhead regularly.
 ↑10in (25cm) ↔24in (60cm)

☀️ Z3-8

PERENNIAL LARGE

Phlox paniculata

GARDEN PHLOX Producing large clusters of white, lilac, or pink flowers from summer to fall, this perennial forms dense blocks of color mid-bed. Many colorful varieties are available, such as 'Blue Paradise' (above). Keep plants well watered in summer.
 ↑4ft (1.2m) ↔3ft (1m)

☀️ Z4-8 (N)

SHRUB SMALL

Phygelius aequalis

CAPE FUCHSIA Best in a sheltered site, this shrubby perennial produces tall, upright stems that carry clusters of pendent tubular dusky pink or yellow blooms all summer. Plant it mid-bed. 'Yellow Trumpet' (above) has creamy yellow flowers.
 ↑→3ft (1m)

☀️ Z7-9

SHRUB SMALL

Potentilla fruticosa

CINQUEFOIL Grow this bushy, deciduous shrub with orange, red, yellow, white, or pink circular blooms that appear from summer to early fall, mid-bed between perennials. 'Abbotswood' (above) has white flowers.
 ↑3ft (1m) ↔5ft (1.5m)

☀️ Z3-7 (N)

PERENNIAL SMALL

Potentilla megalantha

STRAWBERRY CINQUEFOIL This compact bushy perennial makes a neat edging in borders filled with hot-hued plants. Its divided midgreen leaves and saucer-shaped, orange-centered yellow summer flowers provide a long season of interest.
 ↑8in (20cm) ↔6in (15cm)

☀️ Z4-8

PERENNIAL LARGE

Romneya coulteri

TREE POPPY This back-of-bed perennial is grown for its large, fragrant, papery, golden-centered white late summer flowers. Combine it with repeat-flowering shrub roses and mulleins in a sheltered spot. Common to West Coast areas.
 ↑→6ft (2m)

☀️ Z8-10 (N)

SHRUB MEDIUM

Rosa 'Ballerina'

POLYANTHA ROSE This repeat-flowering shrub rose produces clusters of small, white-centered pale pink single flowers from midsummer to early fall, and creates a focal point in a bed among dark pink-, white-, and purple-flowered perennials.
 ↑5ft (1.5m) ↔4ft (1.2m)

☀️ Z5-9

SHRUB SMALL

Rosa Flower Carpet Series

GROUNDCOVER ROSE Ideal for adding color to large areas, this shrub forms a dense mound of disease-resistant foliage and bears cupped, pink, red, yellow, or white semidouble flowers all summer. Deadhead regularly and mulch with compost in spring.
 ↑→24in (60cm)

☀️ Z5-10

SHRUB MEDIUM

Rosa GERTRUDE JEKYLL

ENGLISH SHRUB ROSE This shrub or short climber is perfect for the back of a mixed bed with its scrolled buds and large, scented, pink fully double flowers that provide colorful highlights from summer to early fall. Mulch annually in spring.
 ↑6ft (2m) ↔4ft (1.2m)

☀️ Z5-9
