

SHRUB MEDIUM

Rosa 'Madame Hardy'

DAMASK ROSE This erect strong-growing rose, which makes a medium-sized, prickly shrub with midgreen foliage, offers a single flush of fragrant, white fully double flowers that add an elegant note to mixed beds in early summer.

↑ 5ft (1.5m) ↔ 4ft (1.2m)

☀️ Z4–9

SHRUB MEDIUM

Rosa 'William Lobb'

MOSS ROSE Grow this moss rose on a trellis or pillar at the back of a bed. Its arching prickly stems that hold cupped, scented, crimson-purple fully double flowers and green leaves, create a colorful backdrop for pastel blooms in summer.

↑↑ 6ft (2m)

☀️ Z4–9

PERENNIAL MEDIUM

Rudbeckia fulgida var. sullivantii

BLACK-EYED SUSAN This compact perennial, with its mass of daisy-like, golden flowers, injects bright color into the front of a bed from late summer to fall. Leave faded flower heads to stand over winter.

↑ 30in (75cm) ↔ 12in (30cm) or more

☀️ Z4–9 (N)

PERENNIAL MEDIUM

Salvia x sylvestris

WOOD SAGE Grow this clump-forming perennial, with its lance-shaped, wrinkled, green leaves and spikes of blue summer flowers, to provide a vertical accent at the front of a border. 'Blue Hill' (above) has violet-blue flowers.

↑ 32in (80cm) ↔ 12in (30cm)

☀️ Z4–9

PERENNIAL MEDIUM

Verbascum chaixii

NETTLE-LEAVED MULLEIN Use this perennial as a vertical accent toward the back of a sunny bed. Spikes of pale yellow or white flowers appear on tall stems in summer above coarse leaves. 'Album' (above) has purple-eyed white blooms.

↑ 3ft (1m) ↔ 18in (45cm)

☀️ Z5–9

PERENNIAL SMALL

Scabiosa 'Butterfly Blue'

PINCUSHION FLOWER Grow this small summer-flowering perennial, with its dark green leaves and wiry stems topped with small, rounded lavender-blue flowers, between daisies and other flower spikes that bloom at the same time.

↑↑ 16in (40cm)

☀️ Z3–9

PERENNIAL MEDIUM

Sisyrinchium striatum

YELLOW-EYED GRASS A good choice for the front of a dry sunny bed, this evergreen perennial's gray-green sword-shaped leaves and spikes of small pale yellow summer flowers combine well with bearded irises, which enjoy similar conditions.

↑ 24in (60cm) ↔ 12in (30cm)

☀️ Z7–8

PERENNIAL MEDIUM

Thermopsis villosa

CAROLINA LUPINE The spikes of small pale yellow summer flowers, which appear above this perennial's divided gray-green foliage, create a vertical accent behind cranesbill and yarrow in a sunny border.

↑ 3ft (1m) or more ↔ 24in (60cm)

☀️ Z4–9 (N)

PERENNIAL SMALL

Veronica spicata 'Red Fox'

SPIKE SPEEDWELL Try combining this upright clump-forming perennial's spikes of dark pink summer flowers and lance-shaped green leaves with flat-headed yarrow, poppies, and golden marguerite toward the front of a sunny bed.

↑↑ 20in (50cm)

☀️ Z3–8
