

Plants for fall beds

Often forgotten when planting in early summer, these late performers inject a new lease of life into tired beds, just when they need it most.

Boost color and interest at this time of year with a range of key plants, including asters and black-eyed Susan, which are available in a rainbow of colors to suit your style, from hot reds and yellows, to pastels and whites. Flowers are not the only features to consider—ornamental grasses produce decorative seedheads at this time of the year and make perfect partners for many fall blooms. The leaves of some deciduous shrubs also fire up now, while others are studded with decorative fruits. Combine a variety of plant forms to create a scene of contrasting colors, shapes, and textures.

PERENNIAL LARGE

Actaea simplex

BUGBANE This upright perennial forms a clump of attractive divided foliage, above which rise tall wiry spikes of small fluffy off-white flowers from early- to mid-fall. Plant it at the back of a bed or as a backdrop to a pond or water feature.

↑5ft (1.5m) ↔24in (60cm)

☀️ ☀️ ☀️ Z4–8

PERENNIAL MEDIUM

Amsonia tabernaemontana

WILLOW BLUE-STAR An upright perennial with star-shaped blue flower clusters from late spring to summer. Its fall interest comes from its foliage, which develops rich seasonal shades before falling. Grow it mid-bed with fall blooms.

↑3ft (1m) ↔12in (30cm)

☀️ ☀️ ☀️ Z3–9 (N)

TREE SMALL

Acer palmatum 'Sango-kaku'

CORAL-BARK MAPLE Perfect for a lightly shaded border in fall, this tree puts on a spectacular display of coral-red stems and lobed yellow leaves, which are pinkish yellow in spring and green in summer.

↑25ft (8m) ↔12ft (4m)

☀️ ☀️ ☀️ Z6–8

TREE LARGE

Acer rubrum

RED MAPLE Ideal to grow as a focal point at the back of a large bed, the rounded lobed foliage of this sizeable tree is dark green in summer and turns bright yellow or red in fall. It requires neutral to acidic soil.

↑70ft (20m) ↔30ft (10m)

☀️ ☀️ ☀️ ☀️ Z3–9 (N)

PERENNIAL LARGE

Anemone hupehensis

CHINESE ANEMONE This perennial has large simple white, pink, red, or mauve fall flowers, which are held on upright stems above the dark green divided leaves. 'Hadsphen Abundance' (above) has pale pink blooms. Provide support for tall varieties.

↑up to 5ft (1.5m) ↔24in (60cm)

☀️ ☀️ ☀️ ☀️ Z5–7

PERENNIAL LARGE

Aster cordifolius

Renamed *Symphyotrichum cordifolium* Blue wood aster is a bushy upright perennial with oval, toothed dark green leaves and small, pale blue daisy-like flowers on arching stems from late summer to fall. Plant it near the back of a bed; provide additional support.

↑4ft (1.2m) ↔3ft (1m)

☀️ ☀️ ☀️ Z3–8 (N)

SHRUB LARGE

Arbutus unedo

STRAWBERRY TREE A large evergreen shrub with oval, leathery dark green leaves. In fall, clusters of white urn-shaped flowers appear at the same time as clusters of round green and amber strawberry-like fruits ripen to red.

↑↔25ft (8m)

☀️ ☀️ ☀️ ☀️ Z7–9

PERENNIAL SMALL

Aster amellus

ITALIAN ASTER Use this clump-forming perennial at the front of a sunny bed, where its yellow-eyed lilac-blue flowers will gleam in early fall against the green lance-shaped leaves. 'King George' (above) has violet-blue blooms.

↑↔20in (50cm)

☀️ ☀️ ☀️ Z5–8

PERENNIAL MEDIUM

Aster 'Coombe Fishacre'

Renamed *Symphyotrichum* 'Coombe Fishacre' A fall-flowering perennial, calico aster has small pale lilac-pink flowers set against dark foliage. Use it as a contrast to the bright yellow and red blooms adding interest to the middle of a border.

↑3ft (1m) ↔14in (35cm)

☀️ ☀️ ☀️ ☀️ Z5–8
