

CLIMBER LARGE

Parthenocissus tricuspidata

BOSTON IVY This large, vigorous, self-clinging deciduous climber has lobed, glossy green leaves that display spectacular crimson and red colors in fall. Grow on a large house wall or fence behind a fall bed. Considered invasive in some areas.

‡70ft (20m)

☀️ ☀️ ☀️ Z4–8

TREE LARGE

Quercus alba

WHITE OAK This large tree has a broad, spreading crown at maturity. In fall, the dark green leaves with 7–9 lobes turn a spectacular wine red, with some brown and yellow tints, the brown persisting into winter.

‡↔100ft (30m)

☀️ ☀️ ☀️ Z4–9 (N)

TREE LARGE

Quercus palustris

PIN OAK This tall pyramid-shaped tree has deeply lobed leaves that are green in summer, but turn vibrant reddish brown or crimson red in fall, making a magnificent focal point in a large garden. Good as a street tree.

‡70ft (20m) ↔40ft (12m)

☀️ ☀️ ☀️ Z4–8 (N)

CLIMBER LARGE

Vitis coignetiae

CRIMSON GLORY VINE The impressively large heart-shaped leaves of this tendril climbing vine are green in summer and, given a warm sheltered aspect, develop spectacular purple, red, orange, and yellow shades through fall.

‡50ft (15m)

☀️ ☀️ ☀️ Z5–9

TREE LARGE

Prunus sargentii

SARGENT CHERRY Like many flowering cherries, this large tree has smoldering red and amber fall leaf color. 'Rancho' (above) is columnar with foliage that emerges red-brown after a showy display of large, pink single flowers in spring.

‡70ft (20m) ↔50ft (15m)

☀️ ☀️ ☀️ Z4–7

TREE LARGE

Quercus rubra

RED OAK This large tree, with a spreading to rounded crown, tolerates urban pollution and, in fall, provides a treat when its leaves with pointed lobes turn a rich reddish brown or crimson. It is an excellent shade tree for lawns.

‡80ft (25m) ↔70ft (20m)

☀️ ☀️ ☀️ Z4–8 (N)

TREE SMALL

Rhus typhina

STAGHORN SUMAC This deciduous tree or suckering shrub has large, dissected bright green leaves that turn yellow, orange, and red in fall and cone-shaped maroon fruits. 'Dissecta' (above) has finely cut leaves.

Give enough room for suckers to naturalize. ‡↔10ft (3m)

☀️ ☀️ ☀️ Z3–8 (N)
