

BULB MEDIUM

Dahlia 'Yellow Hammer'

DWARF BEDDER SINGLE DAHLIA This dahlia blooms up to the first frost in fall with bright yellow single flowers above dark bronze foliage. Grow it in pots of gritty soil-based potting mix. In cold areas, dig tubers in fall and overwinter indoors.

↑24in (60cm)

☀️ Z9–11

BULB MEDIUM

Galanthus nivalis

SNOWDROP In late winter, this perennial bulb produces small, nodding white flowers, with green markings on some varieties, among clumps of gray-green, grassy leaves. Plant it in flower in containers of soil-based potting mix.

↑6in (15cm)

☀️ Z3–8

PERENNIAL MEDIUM

Helleborus orientalis

LENTEN ROSE This evergreen perennial is among the first to flower each year, and bears saucer-shaped flowers in shades of white or greenish cream, aging to dark pink, in midwinter on sturdy stems. Plant in containers of soil-based potting mix.

↑24in (60cm) ↔18in (45cm)

☀️ Z4–9

SHRUB SMALL

Juniperus communis 'Compressa'

COMMON JUNIPER Forming a slim cone of blue-gray foliage, this dwarf, slow-growing evergreen conifer partners well with small shrubs, flowers, and bulbs in fall and winter in containers of soil-based potting mix.

↑32in (80cm) ↔18in (45cm)

☀️ Z2–6 (N)

BULB MEDIUM

Nerine bowdenii

SPIDER LILY This perennial bulb with its spidery pink flowers followed by strap-shaped leaves decorates fall borders and brightens up late-season containers. Plant the bulbs in spring in gritty soil-based potting mix.

↑24in (60cm)

☀️ ⚠️ Z8–10

PERENNIAL MEDIUM

Platycodon grandiflorus

BALLOON FLOWER The purple-blue flowers of this perennial open from balloonlike buds throughout early fall, creating beautiful displays in containers filled with soil-based potting mix. It has beautiful golden-yellow fall foliage.

↑24in (60cm) ↔18in (45cm)

☀️ Z3–8

PERENNIAL SMALL

Primula Crescendo Series

POLYANTHUS PRIMROSE This evergreen perennial, grown as an annual, is ideal for late winter pots and windowboxes. It features dark green corrugated leaves and clusters of yellow-eyed flowers in shades of red, yellow, white, and purple.

↑↔8in (20cm)

☀️ Z5–7

PERENNIAL SMALL

Sedum erythrostictum 'Frosty Morn'

STONECROP This perennial's variegated white and gray-green fleshy foliage and flat-headed clusters of pale pink flowers in early fall add color to container displays. Plant it in gritty soil-based potting mix.

↑12in (30cm) ↔18in (45cm)

☀️ Z4–9

PERENNIAL SMALL

Sedum 'Ruby Glow'

STONECROP With spreading dark red stems topped with oval purplish green leaves and ruby-red star-shaped flowers from late summer to early fall, it makes a decorative edging to containers of gritty soil-based potting.

↑8in (20cm) ↔16in (40cm)

☀️ Z5–9

PERENNIAL SMALL

Senecio cineraria

DUSTY MILLER This evergreen perennial, grown as an annual, has decorative, deeply cut silver leaves and will survive through early frosts. Plant in containers of soil-based potting mix. In cold areas, overwinter the cuttings or repurchase in spring.

↑↔12in (30cm)

☀️ Z8–11

PERENNIAL SMALL

Viola x wittrockiana

PANSY This mainstay of cold-season containers is treated as an annual. Plant the colorful rounded flowers in fall and winter containers and baskets in all-purpose potting soil. It flowers best in winter in sheltered sites.

↑9in (23cm) ↔12in (30cm)

☀️ Z7–10
