

PERENNIAL MEDIUM

Panicum virgatum

SWITCH GRASS An upright deciduous grass that forms clumps of blue-green leaves, which turn yellow in fall. Clouds of pink-tinged green summer flower heads, held on tall stems, fade to beige in fall and persist through winter.

↑ 3ft (1m) ↔ 30in (75cm)

☀️ Z5–9 (N)

BAMBOO LARGE

Phyllostachys aureosulcata* f. *aureocaulis

GOLDEN GROOVE BAMBOO Use this clump-forming stately bamboo with tall yellow canes, sometimes crooked at the base, as a screen or focal point in a winter bed. Consider using root barriers in small areas.

↑ 20ft (6m) ↔ indefinite

☀️ Z5–10

SHRUB LARGE

Pittosporum tenuifolium

KOHUHU This large evergreen shrub produces wavy-edged gray-green leaves that are held on dark stems. Plant it at the back of a sheltered bed to inject winter color. Varieties include 'Marjorie Channon', which is a variegated form.

↑ 30ft (10m) ↔ 15ft (5m)

☀️ Z8–11

SHRUB LARGE

***Pyracantha* 'Mohave'**

FIRETHORN Train this scab-resistant evergreen shrub against a wall or fence at the back of a winter bed, where its prickly stems of glossy dark green foliage provide a foil for plants in front, and the orange-red berries lend color early in the season.

↑↔ 12ft (4m)

☀️ Z6–9

SHRUB MEDIUM

Rubus cockburnianus

GHOST BRAMBLE The arching prickly shoots of this dense deciduous shrub color brilliant white in winter, creating a ghostly effect in cold-season borders. Dark green diamond-shaped foliage appears in spring. Inedible black fruits follow purple summer blooms.

↑↔ 8ft (2.5m)

☀️ Z5–8

SHRUB MEDIUM

Sarcococca hookeriana* var. *digyna

SWEET BOX Grow this evergreen shrub in a winter bed to enjoy the fragrance of its tiny white flowers, which appear among narrow, lance-shaped green leaves.

Spherical black fruits follow the blooms.

↑ 5ft (1.5m) ↔ 6ft (2m)

☀️ Z6–9

SHRUB LARGE

Stachyurus praecox

STACHYURUS Clusters of pale greenish-yellow bell-shaped flowers of this deciduous shrub hang from bare stems from late winter to early spring, creating a focal point at the back of a bed filled with winter foliage. Dark green leaves unfurl later in spring.

↑ 12ft (4m) ↔ 10ft (3m)

☀️ Z6–8

PERENNIAL MEDIUM

Stipa calamagrostis

syn. *Achnatherum calamagrostis*

FEATHER GRASS Feather grass forms semievergreen or deciduous tufts of long blue-green leaves in summer, which turn vibrant yellow in fall. It bears tall feathery flower heads in summer, which provide interest well into winter.

↑↔ 32in (80cm)

☀️ Z6–9

SHRUB LARGE

Viburnum x bodnantense

BODNANT VIBURNUM This deciduous shrub has richly fragrant pink or white late fall to early spring-flower clusters on bare stems. A good back-of-bed plant, grow it with evergreens in a winter border. 'Dawn' (above) has deep pink buds and pink flowers.

↑ 10ft (3m) ↔ 6ft (2m)

☀️ Z5–8

SHRUB LARGE

Viburnum farreri

FRAGRANT VIBURNUM Plant this deciduous shrub at the back of a bed close to a south-facing wall and it will reward you with fragrant white or pale pink flowers on bare stems throughout winter. The dark green foliage is bronze when it appears in spring.

↑ 10ft (3m) ↔ 8ft (2.5m)

☀️ Z5–8
