SHRUB LARGE

Erica arborea

TREE HEATH This upright evergreen shrub has dark green needlelike leaves that lend year-round color. In spring, it bears pyramid-shaped clusters of bell-shaped, honey-scented grayish white flowers.

↕ 20ft (6m) ↔ 10ft 3m)

☀️ ☀️ ☀️ Z7–9

SHRUB SMALL

Hebe 'Red Edge'

HEBE The blue-green red-edged leaves of this compact evergreen shrub lend year-round interest to a sunny sheltered site. Clusters of pale mauve to white flowers add a colorful note in summer. Trim lightly after flowering, if necessary.

↕ 18in (45cm) ↔ 24in (60cm)

☀️ ☀️ ☀️ Z9–10

BAMBOO LARGE

Fargesia murielae

UMBRELLA BAMBOO This large clump-forming evergreen bamboo bears arching yellow-green canes and lance-shaped, bright green leaves. It makes a decorative year-round screen or accent plant in a border or gravel bed. Best in fertile soil.

↕ 12ft (4m) ↔ indefinite

☀️ ☀️ ☀️ Z5–9

SHRUB MEDIUM

Daphne odora

FRAGRANT DAPHNE A rounded evergreen shrub, grown for its glossy dark green leaves and clusters of richly scented, carmine-edged white winter to early spring flowers. 'Aureomarginata' (above) has yellow-edged foliage.

↕ 5ft (1.5m)

☀️ ☀️ ☀️ ⚠️ Z7–9

SHRUB LARGE

Fatsia japonica

JAPANESE FATSIA The large, deeply lobed evergreen leaves of this shrub inject color and texture into containers and beds, and the round clusters of tiny white fall flowers and black fruits add to the effect. 'Variegata' has white-edged leaves.

↕ 12ft (4m)

☀️ ☀️ ☀️ Z8–10

PERENNIAL MEDIUM

Helleborus argutifolius

CORSICAN HELLEBORE Grown for its large, spiny-edged dark green leaves, this evergreen architectural perennial has long-lasting clusters of nodding, pale green bowl-shaped blooms from late winter to spring. Remove old foliage in winter.

↕ 24in (60cm) ↔ 18in (45cm)

☀️ ☀️ ⚠️ Z6–9

PERENNIAL MEDIUM

Dryopteris affinis

GOLDEN MALE FERN Evergreen in sheltered sites, this fern produces a "shuttlecock" of tall, divided, pale green lance-shaped fronds, which mature to dark green, with scaly, golden-brown midribs. Use it to decorate partly shaded beds.

↕ 3ft (1m)

☀️ ☀️ ☀️ Z5–8

SHRUB SMALL

Gaultheria mucronata

CHILEAN PERNETTIA This evergreen shrub has dark green prickly leaves that create a year-round backdrop to flowers in a border. Its tiny white late spring flowers are followed by white to purple-red berries on female plants. Best in West Coast gardens.

↕ 4ft (1.2m)

☀️ ☀️ ☀️ ⚠️ Z7–9

PERENNIAL SMALL

x Heuchera 'Tapestry'

FOAMY BELLS This perennial, evergreen in sheltered sites, produces a carpet of deeply lobed green foliage, with purple centers and veins. It is ideal for edging beds or in containers. In early summer, sprays of small pink flowers form on upright stems.

↕ 12in (30cm)
