

PERENNIAL SMALL

Athyrium niponicum var. *pictum*

JAPANESE PAINTED FERN This deciduous fern produces deeply divided gray-green leaves with metallic purple and silver highlights. Use it between blocks of green foliage in shady beds.

↑12in (30cm) ↔ indefinite

☀️ Z4–8

SHRUB SMALL

Ballota pseudodictamnus

GRECIAN HOREHOUND This compact, low-growing evergreen shrub has vertical stems with evenly spaced pairs of small, round gray-green leaves that are covered with woolly white hairs. Trim over after the whorls of tiny pink blooms fade.

↑24in (60cm) ↔ 3ft (1m)

☀️ Z7–9

PERENNIAL SMALL

Calamintha nepeta

LESSER CALAMINT Grown for its upright spikes of tiny lilac-pink flowers, which appear from late summer to early fall, this perennial also bears herbal-scented green leaves. Plant near a path where it can be brushed against to release the aroma.

↑18in (45cm) ↔ 30in (75cm)

☀️ Z5–9

PERENNIAL SMALL

Bergenia SILVERLIGHT

PIGSQUEAK A compact, clump-forming evergreen perennial, with leathery round leaves and white bell-shaped spring flowers held on red-tinged stems. The blooms, which sometimes become pink tinged, have contrasting deep red bud cases.

↑18in (45cm) ↔ 20in (50cm)

☀️ Z3–8

PERENNIAL SMALL

Brunnera macrophylla

SIBERIAN BUGLOSS A ground-cover perennial, it is useful for adding sparkle under trees or in a shady urban setting. It has broad oval to heart-shaped leaves, often overlaid or edged with white. Sprays of blue flowers appear in spring.

↑18in (45cm) ↔ 24in (60cm)

☀️ Z3–8

PERENNIAL SMALL

Campanula carpatica

CARPATHIAN HAREBELL This low-growing perennial forms a dense mat of heart-shaped leaves. Throughout summer, it is smothered in violet-blue or white bell-shaped flowers. Use it as ground cover or to fill gaps in walls and paving.

↑4in (10cm) ↔ 12in (30cm)

☀️ Z4–7

BULB LARGE

Cardiocrinum giganteum

GIANT LILY This giant perennial bulb has heart-shaped leaves. In summer, fragrant, trumpet-shaped white blooms with purple throats open at the top of sturdy unbranched stems. Plant it in a sheltered site and rich soil.

↔ 10ft (3m)

☀️ Z7–9

SHRUB SMALL

Caryopteris incana

COMMON BLUEBEARD This domed shrub has slender stems that bear gray-green, aromatic toothed-edged leaves. In early fall, tiny blue flowers form in dense clusters in the leaf axils. It is attractive to bees and butterflies.

↑4ft (1.2m) ↔ 5ft (1.5m)

☀️ Z6–9

SHRUB MEDIUM

Ceanothus americanus

NEW JERSEY TEA This is a dense, rounded deciduous shrub that can tolerate drought but needs a sheltered site. From late spring to midsummer, it produces thimble-shaped heads of tiny fragrant white flowers that attract butterflies.

↔ up to 6ft (2m)

☀️ Z4–8 (N)

SHRUB MEDIUM

Ceanothus x delileanus 'Gloire de Versailles'

CALIFORNIA LILAC A bushy deciduous shrub with oval leaves and clusters of tiny, fragrant powder-blue flowers in loose thimble-shaped heads from summer to fall. Makes a foil for roses. Best in West Coast gardens.

↔ 5ft (1.5m)

☀️ Z7–10 (N)
