

SHRUB SMALL

Convolvulus cneorum

SILVERBUSH This low, spreading evergreen shrub, which can be grown as an annual, has narrow, oblong metallic silver leaves. In summer, funnel-shaped white flowers open from pink buds. Grow at the front of a sheltered bed or in gravel.

†24in (60cm) ↔ 3ft (1m)

☀ Z8–11

PERENNIAL MEDIUM

Echinacea purpurea
'White Swan'

CONEFLOWER This perennial has a neat upright habit and oval leaves. From summer to fall, it produces large, daisy-like blooms with white drooping petals surrounding prominent gingery brown cones.

†24in (60cm) ↔ 18in (45cm)

☀ Z3–8 (N)

TREE LARGE

Cedrus atlantica
Glauca Group

BLUE ATLAS CEDAR This evergreen conifer makes a conical-shaped tree when young, and a broad crown when mature. It bears striking silvery blue-green needles. Plant it as a lawn specimen in a large garden.

†130ft (40m) ↔ 30ft (10m)

☀ Z6–9

BULB LARGE

Crinum x powellii 'Album'

POWELL LILY This richly fragrant perennial bulb has broad, arching strap-shaped leaves. From late summer to fall, it produces large, funnel-shaped white blooms on sturdy stems. It needs protection in winter in cold regions.

†3ft (1m)

☀ Z7–10

PERENNIAL LARGE

Delphinium elatum

LARKSPUR This tall perennial has deeply divided green leaves and is famous for its striking columns of midsummer flowers. Pale blue or white varieties provide a cooling contrast for hot shades. The stems need sturdy stakes.

†6ft (2m) ↔ 3ft (1m)

☀ Z3–7

PERENNIAL SMALL

Centaurea montana

PERENNIAL CORNFLOWER This vigorous self-seeding perennial has tapered leaves with hairy undersides. In early summer, it produces open, thistlelike purple, white, blue, or pink flower heads with red-purple centers. Cut back to promote reflowering.

†20in (50cm) ↔ 24in (60cm)

☀ Z3–8

SHRUB MEDIUM

Deutzia x magnifica

TALL DEUTZIA This early summer-flowering deciduous shrub makes a lovely arching specimen or back-of-bed feature. Small oval leaves appear along slender branched stems and snowy double flowers open in profusion in spring.

†8ft (2.5m) ↔ 6ft (2m)

☀ Z5–8

PERENNIAL LARGE

Eryngium giganteum

SEA HOLLY This short-lived self-seeding perennial produces a basal clump of marbled, heart-shaped gray-green leaves. Tall upright stems hold the conelike silvery blue summer flowers, which are surrounded by silver leaflike bracts.

†3ft (1m) ↔ 12in (30cm)

☀ Z4–8

TREE LARGE

Eucalyptus gunnii

CIDER GUM This slender evergreen tree has rounded, aromatic blue-gray young foliage, which, as the tree matures, gives way to sickle-shaped leathery leaves. Cut it back periodically to produce more young growth and colorful foliage.

†up to 80ft (25m) ↔ 50ft (15m)

☀ Z8–10
