

PERENNIAL SMALL

Stachys byzantina

LAMB'S EARS A mat-forming perennial with soft-to-the-touch, oval silvery gray leaves. In summer, spikes of mauve-pink, tiny flower clusters form on felted stems. It overwinters best in sunny, sheltered areas.

↑15in (38cm) ↔24in (60cm)

☀️ Z4–8

TREE MEDIUM

Styrax japonicus

JAPANESE SNOWBELL A deciduous tree with pointed oval leaves and a spreading habit, it makes a choice specimen for a bed or lawn. Clusters of white, fragrant bell-shaped blooms hang from the branches in early summer.

↑30ft (10m) ↔25ft (8m)

☀️ Z5–8

SHRUB LARGE

Syringa vulgaris 'Madame Lemoine'

COMMON LILAC A deciduous shrub or small tree with heart-shaped foliage and trusses of cone-shaped heads of strongly perfumed spring flowers that open from creamy buds. Considered invasive in some areas.

↑↔22ft (7m)

☀️ Z3–7

PERENNIAL SMALL

Trillium ovatum

COAST TRILLIUM This woodland perennial, slowly spreading by rhizomes, bears single stems, each with three, equally spaced heart-shaped leaves, above which sit three-petaled white flowers in early spring. Leave it undisturbed to slowly naturalize.

↑15in (38cm) ↔8in (20cm)

☀️ Z5–8 (N)

ANNUAL/BIENNIAL LARGE

Verbascum olympicum

OLYMPIC MULLEIN This biennial forms a rosette of large, gray felted leaves in its first year, which may die back in winter. The next spring, it bears tall, upright silver stems and saucer-shaped golden flowers from mid- to late summer. May need staking.

↑6ft (2m) ↔3ft (1m)

☀️ Z5–9

PERENNIAL SMALL

Veronica gentianoides

GENTIAN SPEEDWELL A perennial with mats of oval, glossy evergreen leaves and slender spires of very pale blue blooms in early summer. It is ideal for bed edging or rock gardens. Remove spent flower spikes; water in dry spells.

↑↔18in (45cm)

☀️ Z4–7

SHRUB MEDIUM

Viburnum acerifolium

MAPLELEAF VIBURNUM This upright deciduous shrub thrives in partially shaded beds, adding highlights with its green lobed leaves and early summer heads of fluffy creamy white flowers. Fall color and fruits are a bonus.

↑6ft (2m) ↔4ft (1.2m)

☀️ Z4–8 (N)

SHRUB LARGE

Viburnum x carlcephalum

FRAGRANT SNOWBALL A bushy, rounded deciduous shrub with dense ball-shaped clusters of small, sweetly fragrant white blooms that open from pink buds from mid- to late spring. Red-turning-black summer fruits sometimes follow.

↑↔10ft (3m)

☀️ Z6–8
