

PERENNIAL SMALL

Androsace lanuginosa

ROCK JASMINE This trailing evergreen perennial forms a low mat of oval, silky gray-green tapering leaves and makes a beautiful border edging or rock garden specimen. It bears clusters of small lilac-pink flowers in midsummer.

↑1½in (4cm) ↔7in (18cm)

☀️ Z5–8

PERENNIAL SMALL

Anemone coronaria**De Caen Group**

POPPY ANEMONE Plant this perennial corm in gravel beds and border edges. Comes in mixture of colors; avoid the red variant in pastel schemes. From early spring, bowl-shaped blooms are held above green leaves.

↑12in (30cm) ↔6in (15cm)

☀️ ⚠️ Z8–10

PERENNIAL MEDIUM

Aster x frikartii

FRIKART'S ASTER Add this long-flowering perennial to the middle of a sunny bed, where it will produce yellow-centered, lavender-blue or lilac daisy-like flowers from midsummer to early fall. Try it with coneflowers and Japanese anemone.

↑28in (70cm) ↔16in (40cm)

☀️ Z5–8

PERENNIAL LARGE

Campanula lactiflora

MILKY BELLFLOWER Both the tall varieties of this perennial and shorter forms, such as 'Prichard's Variety' (above), bear bell-shaped, nodding violet-blue, occasionally pink or white, flowers in summer. Plant in groups among other pastel-colored blooms.

↑4ft (1.2m) ↔24in (60cm)

☀️ ☀️ Z5–7

SHRUB LARGE

Camellia x williamsii

CAMELLIA The flowers of the williamsii camellias come in a range of pastel pinks, and appear on this evergreen shrub in spring among glossy dark green leaves. It tolerates full shade and prefers a sheltered north- or west-facing site.

↑15ft (5m) ↔8ft (2.5m)

☀️ 🌧️ Z7–9

PERENNIAL SMALL

Aster novi-belgii**Renamed Symphyotrichum novi-belgii**

With its pastel-colored daisy-like flowers, this michaelmas daisy is perfect for fall containers of soil-based potting mix, or in moist soil at the front of a bed. 'Professor Anton Kippenberg' has blue blooms.

↑14in (35cm) ↔18in (45cm)

☀️ ☀️ Ⓝ Z4–8

PERENNIAL SMALL

Campanula punctata

SPOTTED BELLFLOWER The pendent dusky pink blooms of this perennial lend an elegant touch to the front of a bed. Partner it with cool colors or purple blooms, such as cranesbill, but avoid bright, hot colors that may eclipse its delicate hue.

↑12in (30cm) ↔16in (40cm)

☀️ ☀️ Z4–8

PERENNIAL MEDIUM

Aster 'Coombe Fishacre'**Renamed Symphyotrichum 'Coombe Fishacre'**

Use this fall-flowering calico aster as a contrast to the bright yellows and reds that abound at this time of the year. The pale lilac-pink flowers sprays set against dark foliage add interest to the middle of a bed.

↑3ft (1m) ↔14in (35cm)

☀️ ☀️ Z5–8

CLIMBER MEDIUM

Billardiera longiflora

CLIMBING BLUEBERRY This twining evergreen climber works well as a backdrop to a sheltered bed. It produces slender, bell-shaped green-yellow summer flowers followed by purple-blue fall fruits.

↑6ft (2m)

☀️ ☀️ Z8–9

PERENNIAL MEDIUM

Catananche caerulea

CUPID'S DART Plant this hardy perennial in groups in a wild or naturalistic garden, where its dainty blue or white starlike blooms will wave in the breeze on tall, wiry stems above gray-green foliage. 'Bicolor' (above) is a white semidouble form.

↑24in (60cm) ↔12in (30cm)

☀️ ☀️ Z4–8
