

SHRUB MEDIUM

Chaenomeles speciosa

FLOWERING QUINCE Choose a pink- or peach-flowered form of this vigorous, bushy deciduous shrub to dress up a pastel scheme in spring. The thorny stems are ideal for training up a sunny or part-shaded wall.

↑8ft (2.5m) ↔15ft (5m)

☀ ☀ ☀ Z4–8

CLIMBER MEDIUM

Clematis alpina

ALPINE CLEMATIS This deciduous clematis, with divided midgreen leaves and lantern-shaped blue, pink, or white flowers, makes a beautiful feature when grown through a spring-flowering shrub or up an arch. Fluffy seedheads follow the flowers.

↑10ft (3m)

☀ ☀ ☀ Z4–9

CLIMBER MEDIUM

Clematis 'Bees Jubilee'

CLEMATIS Grow this compact, large-flowered deciduous clematis in partial shade against a wall or fence, or up a rose arch to complement pastel plantings. The rose-pink early summer flowers feature a central, darker pink stripe on each petal.

↑8ft (2.5m)

☀ ☀ ☀ Z4–9

TREE SMALL

Cornus florida

FLOWERING DOGWOOD White or pink flowerlike bracts cover this deciduous tree or shrub in late spring and make a focal point in a pastel-themed setting. The curled, red and purple fall leaves give a colorful backdrop to late-season beds.

↑20ft (6m) ↔25ft (8m)

☀ ☀ ☀ pH ! Z5–9 (N)

CLIMBER MEDIUM

Clematis 'Guernsey Cream'

CLEMATIS The large cream flowers with a green bar down the center of each petal appear on this compact evergreen clematis in early summer and again in late summer. Use them to decorate an arch, or a wall or fence at the back of a border.

↑8ft (2.5m)

☀ ☀ ☀ Z4–9

SHRUB MEDIUM

Clethra alnifolia

SUMMERSWEET This bushy shrub bears slender spires of small, fragrant, white bell-shaped blooms in late summer. It offers a complementary backdrop to pastel pinks and purples in a damp, shady spot. The foliage turns yellow in fall.

↑↔8ft (2.5m)

☀ ☀ pH Z3–9 (N)

TREE SMALL

Cornus florida 'Welchii'

FLOWERING DOGWOOD This conical-shaped tree or large deciduous shrub has tiny green flowers surrounded by white petal-like bracts in late spring and variegated leaves, which feature pink fall leaf tints.

↑20ft (6m) ↔25ft (8m)

☀ ☀ ! Z5–9 (N)

SHRUB MEDIUM

Cornus mas 'Aurea'

CORNELIAN CHERRY Use this deciduous shrub as a backdrop to a bed of dark pinks and purples. Its pale golden-yellow spring leaves turn lime-green in summer and clusters of small bright yellow flowers appear on bare branches in early spring.

↑6ft (2m) ↔10ft (3m)
