

PERENNIAL SMALL

Hemerocallis 'Arctic Snow'

DAYLILY A deciduous perennial with arching, straplike green leaves that provide a foil for other flowers before sturdy stems of large cream blooms with pale yellow margins and throats appear from summer to early fall. Each bloom lasts a day.

↑22in (55cm) ↔20in (50cm)

☀️💧 Z3-9

PERENNIAL MEDIUM

Hyssopus officinalis

HYSSOP This upright perennial is a decorative herb that can also be used in mixed sunny beds. It has aromatic leaves that smell and taste of anise, and spikes of fluffy lavender-blue summer flowers that attract bees and butterflies.

↑24in (60cm) ↔3ft (1m)

☀️💧 Z4-9

PERENNIAL MEDIUM

Hemerocallis 'Dan Mahony'

DAYLILY This perennial forms a clump of upright, arching straplike foliage. Large, trumpet-shaped pink flowers with darker centers appear over several weeks in summer. Each bloom lasts a day. It resents root disturbance.

↑26in (65cm) ↔4½in (11cm)

☀️💧 Z3-9

PERENNIAL MEDIUM

Iris 'Harriette Halloway'

BEARDED IRIS This bearded iris's large, scented pale blue summer flowers, with yellow centers, and swordlike foliage lend elegance to the front of a sunny bed or path edge. Plant the rhizomes just above the soil surface to allow them to bake in the sun.

↑28in (70cm) ↔12in (30cm)

☀️💧 Z3-9

PERENNIAL SMALL

Heuchera 'Plum Pudding'

CORAL BELLS This leafy evergreen perennial is grown for its small white summer flowers and rounded, lobed and veined maroon-purple leaves, which make a great match for pink, cream, and pale yellow flowers. Remove spent blooms and old foliage.

↑20in (50cm) ↔12in (30cm)

☀️💧🌑 Z4-9 (N)

SHRUB LARGE

***Hydrangea aspera*
*Villosa Group***

ROUGH-LEAVED HYDRANGEA This upright deciduous shrub makes a good partner for pale-hued perennials. It has large hairy leaves and small mauve late summer flower clusters, surrounded by pale blooms.

↑↔10ft (3m)

☀️💧🌑🌑🌑 Z7-9

PERENNIAL MEDIUM

Lamprocapnos spectabilis

BLEEDING HEART Use this perennial in a late spring bed, when its fernlike midgreen foliage is joined by arching stems that bear heart-shaped rose-red and white flowers. Try it in a bed with early-flowering cranesbills.

↑↔3ft (1m)

☀️💧 Z3-9

CLIMBER MEDIUM

Lathyrus odoratus

SWEET PEA Add height to a pastel scheme by training this annual tendrill climber on a tripod support. The pink, blue, purple, or white flowers bloom from summer to early fall when deadheaded regularly. Performs best in cool areas with good air circulation.

↑10ft (3m)

☀️🌑🌑🌑

PERENNIAL LARGE

Liatis spicata

GAYFEATHER This upright perennial produces pokerlike spikes of fluffy pink-purple or white flowers from late summer to early fall above clumps of linear leaves. 'Kobold' (above) has vivid purple-pink blooms.

↑5ft (1.5m) ↔18in (45cm)
