

PERENNIAL LARGE

### *Thalictrum aquilegiifolium*

**MEADOW RUE** This useful perennial for shady beds and moist soil has clusters of fluffy, lilac-purple summer flowers that are ideal for pastel-colored plantings. Its finely cut gray-green leaves and attractive fall seedheads add to its appeal.

↑ 4ft (1.2m) ↔ 18in (45cm)

☀️ 🌧️ 🌿 Z5–8

BULB MEDIUM

### *Tulipa 'Negrita'*

**TULIP** Combine this dark purple-pink tulip with pale pink and cream varieties that flower at the same time in mid-spring and use it in a pastel bed or to fill a formal parterre. Plant the bulbs in groups in a sunny site in fall.

↑ 18in (45cm)

☀️ 🌧️ 🌿 Z3–8

SHRUB MEDIUM

### *Syringa x persica*

**PERSIAN LILAC** This compact bushy shrub, suited to the back of a bed in a small garden, infuses the air with the scent of its purple flowers, which appear in small dense clusters in late spring. The lance-shaped foliage is dark green.

↑↔ 6ft (2m)

☀️ 🌧️ 🌿 Z3–7

PERENNIAL LARGE

### *Veronica spicata*

**SPIKE SPEEDWELL** A mat of slim, lance-shaped green foliage sits beneath this perennial's upright spikes of blue, pink, white, or purple star-shaped summer flowers. For a pastel scheme, select a purple form such as 'Romily Purple' (above).

↑ 4ft (1.2m) ↔ 24in (60cm)

☀️ 🌧️ 🌿 Z3–8

SHRUB LARGE

### *Syringa vulgaris*

**COMMON LILAC** Grown in beds or as a boundary screen, this vigorous deciduous shrub offers scent and color when the pastel-colored conical-flower clusters form in late spring after the heart-shaped foliage unfurls. Has become invasive in some areas.

↑↔ 22ft (7m)

☀️ 🌧️ 🌿 Z3–7

BULB MEDIUM

### *Tulipa 'China Pink'*

**TULIP** This lily-flowered form bears rosy pink blooms in late spring and has broad gray-green foliage. Other varieties offer a spectrum of pastel-colored flowers from mid- to late spring. Plant the bulbs in groups in fall.

↑ 22in (55cm)

☀️ 🌧️ 🌿 Z3–8

PERENNIAL LARGE

### *Veronicastrum virginicum*

**CULVER'S ROOT** This upright perennial bears slender spikes of small, white, blue, or pink star-shaped flowers on tall leafy stems. Plant it at the back of a bed and provide support. 'Album' (above) has cool white flowers.

↑ 4ft (1.2m) ↔ 18in (45cm)

☀️ 🌧️ 🌿 Z4–8 🌿
