

SHRUB LARGE

### ***Sambucus nigra* BLACK LACE**

**BLACK ELDER** The divided, blackish fernlike foliage of this deciduous shrub offers a dark foil for brightly colored flowers. It has pale pink late spring flowers and blackish red fall berries. May die back in colder areas.

↕↔ 20ft (6m)

☀️ ☀️ Z5-7

PERENNIAL SMALL

### ***Solenostemon scutellarioides***

**COLEUS** A small bushy perennial, grown as an annual, with spear-shaped pink, red, green, and yellow leaves, which add fiery hues to path and border edges and baskets and containers filled with potting mix. Cuttings can be overwintered in water.

↑ 18in (45cm) ↔ 12in (30cm) or more

☀️ ☀️ ☀️ Z11-12

ANNUAL/BIENNIAL SMALL

### ***Tropaeolum* Jewel Series**

**NASTURTIUM** This fast-growing annual will quickly smother the front of a border with its combination of round green leaves and funnel-shaped flowers in bright shades of red, yellow, or orange from summer to early fall. Also use it to edge tall pots.

↑ 12in (30cm) ↔ 18in (45cm)

☀️ ☀️

ANNUAL/BIENNIAL SMALL

### ***Tagetes patula***

**FRENCH MARIGOLD** With its divided, dark green aromatic leaves and yellow, orange, red, or mahogany flowers from summer to early fall, this Mexican native will brighten up the edges of fiery borders. Sow seeds indoors in early spring; protect from frost.

↑↔ 12in (30cm)

☀️ ☀️ (N)

CLIMBER MEDIUM

### ***Tropaeolum speciosum***

**FLAME CREEPER** Let the twining stems of this perennial climber scramble through a large shrub at the back of a bed where its scarlet flowers, set against lobed blue-green leaves, will offer a focal point. Bright blue fruits follow the blooms in fall.

↑ 10ft (3m)

☀️ ☀️ ☀️ ☀️ Z8-11

SHRUB LARGE

### ***Sambucus racemosa***

**EUROPEAN RED ELDER** Prized for its bronze serrated leaves aging to golden-yellow in early summer, this upright deciduous shrub is ideal for the back of a hot-hued, partly shaded bed. The scarlet fruits that follow yellow spring flowers add to the effect.

↑↔ 10ft (3m)

☀️ ☀️ ☀️ Z3-7

BULB MEDIUM

### ***Tulipa* 'Prinses Irene'**

**syn. *Tulipa* 'Princess Irene'** This mid-spring-flowering tulip bears bowl-shaped orange blooms with contrasting purple markings on the outer petals. Use to create hot fiery displays with other red or yellow varieties. Plant the bulbs in groups in fall.

↑ 14in (35cm)

☀️ ☀️ ☀️ Z3-8

PERENNIAL MEDIUM

### ***Sedum telephium***

#### **Atropurpureum Group**

**STONECROP** This perennial's dark purple stems, fleshy leaves, and pinkish white flower clusters from late summer to fall offer a dramatic contrast to hot-hued flowers and green-leaved perennials.

↑ 24in (60cm) ↔ 12in (30cm)

☀️ ☀️ Z4-9

CLIMBER MEDIUM

### ***Thunbergia alata***

**BLACK-EYED SUSAN VINE** Grow this annual twining climber up a tripod in a bed to add a pyramid of toothed heart-shaped to oval leaves and rounded, flat-faced, dark-eyed orange, yellow or peach flowers from early summer to early fall.

↑ 10ft (3m)

☀️ ☀️ Z10-11
