

SHRUB SMALL

Plectranthus argentatus

SILVER SPURFLOWER Grown as an annual, this evergreen subshrub has silver stems, gray-green foliage, and bluish white flower spikes in summer. Use to create textural contrasts with leathery- and glossy-leaved plants. Makes a decorative edging for pots.

↑↔ up to 3ft (1m)

☀️ Z10–11

PERENNIAL LARGE

Rheum palmatum

CHINESE RHUBARB The huge leaves of this perennial offer texture and drama. The foliage is dark green, purple-red beneath, jaggedly lobed, and features distinctive veining. Large plumes of cream to red fluffy flowers appear in early summer.

↑↔ 6ft (2m)

☀️ Z4–7

PERENNIAL LARGE

Rodgersia podophylla

RODGERSIA A perennial with large divided leaves made up of jagged-edged leaflets with a distinctive veined texture. The foliage is bronze-purple when young, maturing to green, and turning bronze-red in fall. Creamy flower panicles appear in summer.

↑5ft (1.5m) ↔ 6ft (1.8m)

☀️ Z5–8

PERENNIAL MEDIUM

Salvia argentea

SILVER SAGE This short-lived perennial forms a rosette of silvery leaves with a soft woolly texture that combine well with green foliage plants in sunny or lightly shaded beds. Spikes of bluish white flowers appear in late summer.

↑3ft (1m) ↔ 24in (60cm)

☀️ Z5–8

PERENNIAL SMALL

Sempervivum giuseppii

HENS AND CHICKS This evergreen perennial injects textural interest into rock gardens, small pots, and cracks in walls. Its rosettes of spiky green leaves with pointed purple tips are joined by upright stems topped with star-shaped pink or red flowers in summer.

↑ in flower 4in (10cm) ↔ 4in (10cm)

☀️ Z7–9

TREE SMALL

Trachycarpus fortunei

WINDMILL PALM This evergreen palm adds texture to exotic-style schemes with its large, glossy green fan-shaped leaves, which are held on long flexible stems. Plant it in a sheltered spot or in a large container of soil-based potting mix when young.

↑ up to 6ft (2m) ↔ 8ft (2.5m)

☀️ Z8–10

PERENNIAL SMALL

Stachys byzantina

LAMB'S EARS A mat-forming perennial with oval silvery gray leaves that have a soft downy texture. In summer, spikes of clustered, tiny mauve-pink blooms form on felted stems. The foliage remains attractive in winter in mild areas.

↑15in (38cm) ↔ 24in (60cm)

☀️ Z4–8

ANNUAL/BIENNIAL LARGE

Verbascum olympicum

OLYMPIC MULLEIN This biennial forms a rosette of large gray leaves with a soft, tactile felted texture. These may die back in their first winter. Saucer-shaped bright golden flowers appear the next year from mid- to late summer. It may need staking.

↑6ft (2m) ↔ 3ft (1m)

☀️ Z5–9

PERENNIAL MEDIUM

Stipa tenuissima

MEXICAN FEATHER GRASS A deciduous perennial grass with fine green leaves, and silvery green summer flowers that turn beige as seeds form, creating a hazy hairlike texture. Use it as a front-of-bed plant with flowering perennials.

↑24in (60cm) ↔ 16in (40cm)

☀️ Z7–11 (N)
