

PERENNIAL SMALL

Heuchera 'Amber Waves'

CORAL BELLS Suitable for containers, this clump-forming evergreen perennial has vivid orange-yellow lobed leaves providing color and texture. It bears sprays of tiny white blooms in summer. Other forms have green, silver, or purple foliage.

†12in (30cm) ↔20in (50cm)

💧 ☀️ 🌞 🌞 Z4–9

PERENNIAL SMALL

Hosta 'So Sweet'

PLANTAIN LILY This clump-forming perennial has dark green textured leaves with irregular pale yellow edges. Grow as a specimen plant in a large container of soil-based potting mix; site in the shade of taller plants. Water well; protect from slugs.

†14in (35cm) ↔22in (55cm)

💧 ☀️ Z3–9

PERENNIAL LARGE

Leymus arenarius

SEA LYME GRASS An upright vigorous perennial grass with long, slender steel-blue leaves forming an airy clump in summer with tall flower stems that persist into fall. Plant in a container of gritty soil-based potting mix. Deadhead regularly.

†5ft (1.5m) ↔indefinite

💧 ☀️ Z4–10

PERENNIAL SMALL

Ipomoea batatas 'Blackie'

SWEET POTATO VINE Grown as an annual, this tender perennial has trailing stems of deeply lobed, blackish ivy-shaped leaves. Ideal for containers, windowboxes, and baskets, it can be used to provide contrast to brightly colored plants in mixed displays.

†10in (25cm) ↔24in (60cm)

💧 ☀️ ⚠️ Z9–11

PERENNIAL SMALL

Ophiopogon planiscapus 'Nigrescens'

MONDO GRASS A mound-forming evergreen perennial member of the lily family, it has black leaves and purple-pink summer-flower clusters. Ideal for long-term planting in pots, it lends contrast to bright plants.

†9in (23cm) ↔12in (30cm)

💧 ☀️ 🌞 Z6–10

PERENNIAL SMALL

Hosta 'June'

PLANTAIN LILY Grown for its large blue-green leaves, marked with pale green flashes and form a dense crown, this perennial has short-lived summer flowers. Use as a foliage specimen in a container of soil-based potting mix. Protect from slugs.

†15in (38cm) ↔28in (70cm)

💧 ☀️ Z3–9

PERENNIAL MEDIUM

Panicum virgatum

SWITCH GRASS An upright clump-forming deciduous grass, it gives a long season of interest in a container, with its green, grassy leaves, which turn yellow in fall, and clouds of pink-tinged summer flower heads. The dried flowers persist into winter.

†3ft (1m) ↔30in (75cm)

💧 ☀️ Z5–9 (N)

PERENNIAL SMALL

Hosta 'Revolution'

PLANTAIN LILY Grown as a foliage plant, this perennial has cream-splashed dark green leaves that add color in dappled shade. Plant in soil-based potting mix; remove the short-lived lavender flowers as soon as they fade. Protect from slugs.

†20in (50cm) ↔3 1/2ft (1.1m)

💧 ☀️ Z3–9

PERENNIAL MEDIUM

Lamium galeobdolon

YELLOW ARCHANGEL This evergreen perennial has two-lipped, yellow summer flowers, but is grown for its nettlelike silver-variegated leaves. Use the popular 'Hermann's Pride' (above) to give color to summer and winter container displays.

†24in (60cm) ↔indefinite

💧 ☀️ Z4–8

PERENNIAL SMALL

Pelargonium 'Lady Plymouth'

SCENTED GERANIUM This small bushy evergreen perennial, perfect for containers and windowboxes, produces scented, lobed, silver-margined green leaves and lavender-pink summer blooms. Overwinter the plant under cover.

†16in (40cm) ↔8in (20cm)
