

PERENNIAL SMALL

Pelargonium 'Royal Oak'

SCENTED GERANIUM A bushy evergreen perennial, often treated as an annual, it has lobed, crinkled dark green leaves that have crimson central flashes as they age. Pink flowers form sparingly in summer. Grow in pots and baskets as a foil for bright flowers.

↑15in (38cm) ↔12in (30cm)

☀️ ⚠️ Z9–10

PERENNIAL MEDIUM

Persicaria microcephala 'Red Dragon'

KNOTWEED Ideal as a specimen plant in pots of moist compost, this spreading perennial has heart-shaped, reddish green leaves with bold silver and bronze markings, and tiny white flowers in midsummer.

↑28in (70cm) ↔3ft (1m)

☀️ ⚠️ Z5–9

PERENNIAL MEDIUM

Phormium 'Bronze Baby'

NEW ZEALAND FLAX This compact evergreen perennial forms an upright fountain of dark bronze leaves that give year-round interest. Use it as a specimen in a large container of soil-based potting mix. Overwinter indoors in colder areas.

↑↔24in (60cm)

☀️ ⚠️ Z9–11

SHRUB SMALL

Plectranthus madagascariensis

MINTLEAF Grown as an annual, this trailing evergreen shrub has lobed green leaves. Use the variegated form 'Variegated Mintleaf' (above) in mixed plantings in pots. Pinch out long stems for bushy growth.

↑12in (30cm) ↔indefinite

☀️ ⚠️ Z10–11

CLIMBER MEDIUM

Senecio macroglossus 'Variegatus'

CAPE IVY A tender twining climber, grown for its angular, ivylike yellow-edged, dark green leaves. Train it up a wigwam in a pot, or let the stems trail. It flowers sparingly in summer. Overwinter under cover.

↑10ft (3m)

☀️ ⚠️ Z11

PERENNIAL SMALL

PERENNIAL SMALL

Solenostemon 'Black Prince'

COLEUS Grown as an annual, this bushy perennial has large, dark purple toothed leaves. Plant singly or in mixed summer containers; pinch out the tips regularly to encourage bushiness and to deter flowering. Overwinter cuttings in water.

↑↔20in (50cm)

☀️ ⚠️ Z11–12

PERENNIAL SMALL

Solenostemon scutellarioides

COLEUS A bushy perennial, grown as an annual, with pink, red, green, and yellow spear-shaped leaves. Best in large pots, it makes a bold specimen plant. Pinch out the tips to promote bushy growth and to deter flowering. Overwinter cuttings in water.

↑18in (45cm) ↔12in (30cm) or more

☀️ ⚠️ Z11–12

PERENNIAL MEDIUM

Stipa tenuissima

MEXICAN FEATHER GRASS This clump-forming perennial grass gives interest to pots from summer to fall, with its fine green leaves and airy summer flower heads that dry and persist until winter. Grow as a specimen plant in soil-based potting mix.

↑24in (60cm) ↔16in (40cm)

☀️ ⚠️ Z7–11 (N)

PERENNIAL SMALL

Tiarella wherryi

FOAMFLOWER This spreading evergreen perennial has lobed green leaves with veins that turn bronze-red in winter. In late spring, spikes of fluffy white flowers form. Use it to lend interest in winter and spring, then plant it out in a bed in summer.

↑8in (20cm) ↔6in (15cm) or more

☀️ ⚠️ Z3–7 (N)

PERENNIAL MEDIUM

Tolmiea menziesii

PIGGYBACK PLANT This semievergreen perennial has textured, green ivy-shaped leaves that provide contrast in mixed container displays and hanging baskets. 'Taff's Gold' (above) has cream- and green-variegated foliage.

↑24in (60cm) ↔6ft (2m)

☀️ ⚠️ Z6–9 (N)
