

TREE SMALL

Cornus kousa

KOUSA DOGWOOD This early-summer-flowering tree draws attention with its cream, petal-like bracts and hanging clusters of knobby pinky red fruits.

In fall, the oval leaves turn into a striking reddish purple color.

↑22ft (7m) ↔15ft (5m)

☀️ ☀️ ☀️ 🌿 Z5–8

PERENNIAL LARGE

Cortaderia selloana 'Silver Comet'

PAMPAS GRASS Forming an arching tussock of evergreen white-edged leaves, this variegated grass looks splendid in summer when tall stems carry creamy white flower plumes. Invasive in Southern areas.

↑5ft (1.5m) ↔3ft (1m)

☀️ ☀️ 🌿 Z7–10

TREE LARGE

Cornus controversa

GIANT DOGWOOD A large deciduous tree with an elegant tiered habit and glossy elliptical leaves that hang down from the branches. In summer, flat heads of tiny white flowers appear. The green leaves turn purple in fall.

↑↔50ft (15m)

☀️ ☀️ 🌿 Z5–8

TREE SMALL

Cornus florida

FLOWERING DOGWOOD This deciduous tree or shrub is transformed by the showy white or pink flowerlike bracts that smother the branches in spring.

In fall, the curled green leaves develop rich red and purple coloring.

↑20ft (6m) ↔25ft (8m)

☀️ ☀️ ☀️ 🌿 Z5–9 (N)

PERENNIAL LARGE

BULB MEDIUM

Eucomis bicolor

PINEAPPLE LILY In patio pots, this late-summer bulb draws attention when the large head, reminiscent of a pineapple, packed with greenish white flowers and topped with leafy bracts, rises from the rosette of bold leaves.

↑20in (50cm)

☀️ ☀️ 🌿 Z8–10

TREE MEDIUM

Eucryphia glutinosa

NIRRHE In flower, this upright semievergreen tree turns heads. The pure white bowl-shaped blooms with a tuft of central stamens appear in summer against the glossy dark green leaves, which later show rich fall tints.

↑30ft (10m) ↔20ft (6m)

☀️ ☀️ ☀️ 🌿 Z8–11

PERENNIAL SMALL

Hakonechloa macra 'Aureola'

JAPANESE FOREST GRASS Use this yellow-striped deciduous grass singly in a pot or grouped at the front of a bed, or alongside a path. The glowing color and arching form of its ribbonlike leaves will light up a shady spot.

↑16in (40cm) ↔24in (60cm)

☀️ ☀️ 🌿 Z5–9

Euphorbia characias subsp. *wulfenii*

MEDITERRANEAN SPURGE Plant this evergreen perennial in gravel to enhance its architectural form. In spring, the upright stems, covered with gray-green leaves, are topped with tiny yellow-green flower heads.

↑↔4ft (1.2m)
